## Increased Comfort & Control With A "High-Thumb" Hold

Wider, longer thumb pads with a slight downward angle give increased comfort, faster safety operation, plus better recoil control for shooters that prefer a high-thumb hold. Ambidextrous design works equally well for both right- and left-handed shooters.

# 1911 HIGHRIDE AMBIDEXTROUS THUMB SAFETY USER GUIDE

## Introduction

Thank you for choosing the 1911 HighRide Ambidextrous Thumb Safety. This product is designed to enhance your shooting experience by providing increased comfort, faster safety operation, and better recoil control. Please read this guide carefully to ensure safe and effective use.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store firearms and ammunition separately and securely.
- Be aware of your surroundings and ensure a clear line of sight when handling firearms.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Ensure that all users of the firearm are trained and understand safe handling practices.

## Specific Safety Precautions for Use

- Ensure that the thumb safety is fully engaged when the firearm is not in use.
- Do not attempt to modify the thumb safety or any other component of the firearm without professional assistance.
- Always check that the thumb safety is functioning correctly before use.
- Avoid using the firearm in conditions that may impair your ability to operate the safety, such as extreme weather or while under the influence of drugs or alcohol.
- Regularly inspect the thumb safety for any signs of wear or damage. If any issues are found, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

1. Ensure that the firearm is unloaded and pointed in a safe direction.
2. Remove the existing thumb safety according to your firearm's manual. This may require specific tools.
3. Install the new ambidextrous thumb safety by following these steps:
  - Align the safety with the slot on the firearm.
  - Insert the safety into place, ensuring it is secure.
  - Test the operation of the safety to ensure it engages and disengages smoothly.
4. If necessary, seek the assistance of a qualified gunsmith for installation.

### Usage

- To engage the thumb safety, push the lever down until it clicks into place.
- To disengage the thumb safety, push the lever up while maintaining a firm grip on the firearm.
- Always ensure that the safety is engaged when the firearm is not in use.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding firearms and firearm components.
- If you are unsure how to properly dispose of the product, consult local authorities or a qualified firearms dealer.

## **Contact Information for Further Support**
