WWSD 2020 Rifle

The What Would Stoner Do (WWSD) 2020 Rifle is based on InRangeTV's series of videos that asked, "What would Eugene Stoner, the creator of the AR-15, do today if he had access to modern manufacturing and materials?"

The WWSD 2020 is InRangeTV's solution to that question.

Built by KE Arms, the rifle factors in lightweight materials, streamlined features and a reliable operating system.

The heart of the WWSD 2020 is the KP-15 Polymer Lower Receiver.

The lower is lightweight and robust, with an integral buttstock, that is designed from the ground up to integrate with the lower and be molded out of polymer.

The included SLT-1 Sear Link Trigger provides a crisp, lightweight trigger pull. Only found on the WWSD KP-15 lowers, are the PDQ ambidextrous bolt release.

In the buttstock, you'll find a JP Silent Capture Spring System, that provides reliable function.

The butt pad on the WWSD features a trapdoor for storing cleaning supplies or tools.

Like the Lower Receiver, the Upper half is designed to be lightweight and supremely rugged.

The carbon fiber handguards allow for MLOK attachment on all sides.

The 16 inch pencil mid-length gas system barrel is capped by an A2 Flash Hider.

The included Young Manufacturing Bolt Carrier Group with HM Defense/HMB Patent bolt features a slick chrome finish, providing smooth function and ease of cleaning (note the bolt, carrier, and carrier key are chromed; the extractor and cam pin are not).

The upper receiver does not include the unnecessary forward assist, saving weight and removing a potential point of failure.

Included ambidextrous charging handle makes operation of the WWSD in a variety of positions simple and straightforward.

The WWSD 2020 Rifle from InRangeTV and KE Arms, the answer to what Eugene Stoner would do today.

The WWSD is not intended to use Back Up Iron Sights.

As Karl and Ian discussed in the videos related to this project, BUIS are essentially unnecessary with modern optics.

We are unaware of any rails that mount to the carbon fiber handguard at the correct height for mounting of BUIS.

The Carbon fiber handguards is of course well suited for mounting, lights, lasers, slings, bipods, hand stops, and vertical or angled grips.

Attributes

- Name: [KE ARMS LLC AR-15 KP-15 WHAT WOULD STONER DO 2020 RIFLE - FDE](#)

- Manufacturer: [KE ARMS](#)
- Product no.: BRD111025
- Mfr. No.:
- Barrel Length: 16"

KE ARMS LLC AR15 KP15 WHAT WOULD STONER DO 2020 RIFLE Safety Instructions

Introduction

Thank you for choosing the KE ARMS LLC AR15 KP15 What Would Stoner Do 2020 Rifle. This guide provides essential safety instructions to ensure the safe use and maintenance of your firearm. Please read and understand these instructions thoroughly before using the rifle.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your target and what is beyond it.
- Always wear appropriate eye and ear protection when using the rifle.
- Ensure that the rifle is stored securely and out of reach of children and unauthorized users.
- Regularly inspect your rifle for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- Only use ammunition that is specified for the KE ARMS LLC AR15 KP15, specifically .223 Remington.
- Do not modify the rifle or its components without proper knowledge and expertise.
- Ensure the rifle is unloaded when cleaning, transporting, or storing.
- Avoid using the rifle in adverse weather conditions that could affect its performance.
- Be cautious when using accessories such as lights, lasers, or grips to ensure they do not interfere with the operation of the rifle.
- Do not use the rifle if you are under the influence of drugs or alcohol.

Instructions for Installation and Usage

Installation

- Ensure the rifle is unloaded before installation.
- Follow the manufacturer's instructions for installing any accessories.
- Use appropriate tools to avoid damaging the rifle during installation.

Usage

- Load the rifle only when you are ready to shoot.
- When aiming, ensure that your target is clearly identified.
- If a round does not fire, keep the rifle pointed in a safe direction for at least 30 seconds before attempting to clear the malfunction.
- After shooting, ensure the rifle is unloaded before leaving the shooting area.

Disposal Instructions

- Dispose of the rifle in accordance with local laws and regulations.
- If the rifle is damaged beyond repair, contact a licensed firearms dealer for proper disposal methods.
- Ensure all ammunition is disposed of safely and in accordance with local regulations.

Contact Information for Further Support

For any questions regarding the KE ARMS LLC AR15 KP15 What Would Stoner Do 2020 Rifle or if you encounter any safety concerns, please contact the appropriate local authorities or a licensed firearms dealer for assistance.

Thank you for your attention to these important safety instructions. Enjoy your shooting experience responsibly and safely.
