KMR Precision Arms Rear Sight Safety Instruction Guide

Introduction

Thank you for choosing the KMR Precision Arms Rear Sight SPECTRA. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your adjustable rear sight. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a rear sight for KMR weapons.
- Always handle your firearm and accessories safely, following all applicable laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the rear sight for any signs of wear or damage.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always confirm that your firearm is unloaded before installing or adjusting the rear sight.
- Avoid making adjustments to the rear sight while aiming at a target.
- Use the rear sight only in suitable shooting environments to prevent accidents.
- Ensure that all adjustments are securely locked in place before use.
- Do not modify the rear sight in any way that could compromise its safety or performance.
- If you experience any issues with the sight, cease use immediately and consult a qualified professional.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove any existing rear sight if necessary, following the manufacturer's instructions.
- Align the KMR Precision Arms rear sight with the mounting rail on your firearm.
- Securely fasten the sight using the provided screws or mounting hardware, ensuring it is tight but not overtightened.
- Verify that the sight is level and properly aligned with the front sight.

2. Usage:

- Adjust the rear sight for windage and elevation as needed to ensure accurate aiming.
- Make adjustments by loosening the locking mechanism, making the necessary changes, and then securely locking it back into place.
- Always verify the adjustments at a safe shooting range before engaging in target practice.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and firearm accessories.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, take it to a designated recycling facility.

Contact Information for Further Support

For any questions or concerns regarding the KMR Precision Arms Rear Sight, please consult the official KMR Precision Arms website or your retailer for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your KMR Precision Arms Rear Sight. Thank you for your commitment to safety in shooting sports.
