KMR Safety Set 27 Safety Instructions

Introduction

Thank you for choosing the KMR Safety Set 27. This product is designed for the KMR Left Extended and Right Flat models. To ensure safe and effective use, please read this safety instruction guide thoroughly. It contains essential information regarding safety guidelines, installation, usage, and disposal.

General Safety Guidelines

- Always ensure that the product is installed correctly before use.
- Inspect the product for any visible damage before installation.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.
- Stay updated on recall notices through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the product is compatible with your specific model.
- If you are using a CZ model, be aware that adjustments may be necessary.
- Avoid using the product in adverse weather conditions that may affect its performance.
- Do not modify the product in any way, as this may compromise safety.
- Always wear appropriate safety gear when handling the product.

Instructions for Installation and Usage

1. Installation:

- Ensure the workspace is clean and free of obstructions.
- Gather all necessary tools before starting the installation.
- Follow the manufacturer's instructions for installation carefully.
- Make sure all components are securely fastened to prevent any movement during use.
- Check the installation for stability and functionality before use.

2. Usage:

- Use the product only as described in the manual.
- Regularly inspect the product during use for any signs of wear or damage.
- If you notice any issues, cease use immediately and conduct a thorough inspection.
- Keep the product clean and free from debris to maintain optimal performance.

Disposal Instructions

- Dispose of the product in accordance with local regulations for hazardous materials.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or additional support, please contact your local distributor or the manufacturer directly. Ensure that you have the product details at hand for a more efficient response.

Thank you for your attention to these safety instructions. Your safety is our priority.
