## Exact Edge Extractor for S&W Model 41

The Exact Edge Extractor is manufactured through an EDM process to produce exacting tolerances. The new extractor will not lose its edge under impact such as other extractors made from stamped steel or titanium that will have their edges roll over and actually cause extraction problems after a short period of use. Our extractor features a very precise hook point. It is hardened to a Rc 58-60 to withstand years of use and still maintain its edge. We are able to hold the tolerances to  $+-0.0001"$  by utilizing the EDM manufacturing process. The hook is .005" closer to the rim of the cartridge to allow for the most positive extraction available. Made of A2 tool steel.

## Attributes

- Name: [VOLQUARTSEN Exact Edge Extractor for S&W Model 41](#)
- Manufacturer: [VOLQUARTSEN](#)
- Product no.: BRD231003
- Mfr. No.: VC41EE
- Caliber: 22 Caliber (.223-.224)
- Finish: Steel
- Make: Smith & Wesson
- Model: 41
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 114mm
- Shipping length: 178mm
- UPC: 810162013721

# Safety Instruction Guide for VOLQUARTSEN Exact Edge Extractor for S&W Model 41

## Introduction

Thank you for choosing the VOLQUARTSEN Exact Edge Extractor for your Smith & Wesson Model 41. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Always follow the manufacturer's instructions for installation and use.
- Ensure the extractor is compatible with your specific firearm model.
- Store the extractor in a safe place, out of reach of children and unauthorized users.
- Regularly inspect the extractor for signs of wear or damage before each use.
- Do not use the extractor if it appears damaged or malfunctioning.
- Dispose of the extractor properly when it reaches the end of its useful life.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or removing the extractor.
- Use appropriate protective gear, such as safety glasses, when handling firearms.
- Always point the firearm in a safe direction when working on it.
- Be aware of your surroundings and ensure no one is in the line of fire.
- Follow all local laws and regulations regarding firearm modifications and safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather necessary tools for installation, including a screwdriver and any other required equipment.

### 2. Installation:

- Remove the existing extractor from the firearm according to the manufacturer's instructions.
- Carefully install the VOLQUARTSEN Exact Edge Extractor by following these steps:
  - Align the extractor with the corresponding slot in the firearm.
  - Secure the extractor using the appropriate screws or fasteners.
  - Confirm that the extractor is firmly in place and functions smoothly.

### 3. Usage:

- After installation, test the extractor by cycling the action of the firearm without ammunition to ensure proper function.
- When using the firearm, regularly check the extractor for any signs of wear or malfunction during use.

### 4. PostUse:

- After using the firearm, clean the extractor and surrounding areas to prevent debris buildup.
- Store the extractor and firearm in a secure location.

## **Disposal Instructions**

- When the extractor is no longer usable, dispose of it in accordance with local regulations regarding metal waste.
- Do not throw the extractor in regular household waste.
- Consider recycling the extractor if possible, as it is made of A2 tool steel.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the VOLQUARTSEN Exact Edge Extractor, please refer to the manufacturer's contact information provided with your product packaging.

By adhering to these safety instructions, you can ensure the safe and effective use of the VOLQUARTSEN Exact Edge Extractor for your Smith & Wesson Model 41. Thank you for prioritizing safety in your firearm handling practices.
