Thread Protector for 1/2 x 28 Threads Safety Instruction Guide

Introduction

Thank you for choosing the Thread Protector for 1/2 x 28 Threads, Black. This product is designed to ensure safe and effective use with your firearm. Please read this safety instruction guide carefully to understand how to use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or removing the thread protector.
- Inspect the thread protector for any signs of damage before use. Do not use if damaged.
- Keep the thread protector out of reach of children and vulnerable individuals.
- Follow all local regulations regarding firearms and accessories.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Avoid CrossThreading:** Ensure that the thread protector is aligned correctly with the muzzle threads to prevent crossthreading, which can cause damage.
- **Do Not OverTighten:** Tighten the thread protector securely but do not overtighten, as this may damage the threads.
- **Use Proper Tools:** If necessary, use appropriate tools to install or remove the thread protector, ensuring they are suitable for the task.
- **Regular Maintenance:** Regularly check the thread protector for wear and tear, and replace it if necessary to maintain safety.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather any tools needed for installation.

2. Installation:

- Align the thread protector with the muzzle threads of the firearm.
- Gently screw the thread protector onto the threads by hand. Ensure it is aligned properly to avoid crossthreading.
- Once it is handtight, use a suitable tool to tighten it further, but do not overtighten.

3. Usage:

- The thread protector is designed to protect the muzzle threads when not in use. Always ensure it is securely attached when the firearm is not in use.

4. Removal:

- To remove the thread protector, ensure the firearm is unloaded.
- Use the appropriate tool to unscrew the thread protector carefully.
- Store the thread protector in a safe location when not in use.

Disposal Instructions

- Dispose of the thread protector according to local regulations.
- If the thread protector is damaged or no longer needed, ensure it is disposed of in a manner that prevents it from being used improperly.

Contact Information for Further Support

For any safety inquiries or further support regarding the Thread Protector for 1/2 x 28 Threads, please refer to the manufacturer's contact information provided on the product packaging or visit the manufacturer's website.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on the proper use and handling of this product.
