

LLV-X, 4.5" - Scorpion-X LLV for Ruger MKII/MKIII, 4.5"

[Handgun Parts](#) > [Receiver Parts](#) > [Barreled Receivers](#)

LLV-X, 4.5"

A CNC-machined billet receiver is the foundation of this lightweight setup. The receiver and barrel shroud are precision-machined as one piece from aluminum. An integral Picatinny rail is machined into the top of the receiver. It is then fitted with a 6" precision stainless steel barrel that has been machine-honed and lapped. The barrel has been contoured to reduce weight without sacrificing accuracy.

The Scorpion LLV Competition Upper features a stainless steel breech face designed to withstand years of use both in practice and on the range!

- Compatible with the following optics:
 - Burris Fast Fire
 - C-More RTS 2

LLVX, 4.5" Safety Instruction Guide

Introduction

Thank you for choosing the LLVX, 4.5" barreled receiver. This product is designed for precision and performance. To ensure your safety and the safe operation of this product, please read and follow the safety instructions outlined in this guide. This guide is compliant with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle the LLVX with care and respect, as it is a precision firearm component.
- Ensure that you are familiar with the operation and safety features of the firearm it is installed on.
- Store the LLVX in a secure location, out of reach of children and unauthorized users.
- Inspect the product regularly for any signs of damage or wear.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Age Limit:** This product should only be used by individuals who are of legal age and have received proper training in firearm safety.
- **Protective Gear:** Always wear appropriate protective gear, including eye and ear protection, when using firearms.
- **Loading and Unloading:** Always ensure the firearm is unloaded when installing or removing the LLVX.
- **Shooting Range Use:** Use the LLVX only at designated shooting ranges or safe areas.
- **Maintenance:** Regularly clean and maintain the LLVX according to the manufacturer's recommendations to ensure safe operation.
- **Compatibility:** Ensure that the LLVX is compatible with your MKII or MKIII frame (22/45 or Target Model) before installation.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove any existing upper components from the firearm.
- Align the LLVX with the frame and secure it using the preinstalled filler screws on all optic mounting holes.
- Tighten the screws securely, but do not overtighten to avoid damage.

2. Usage:

- Before each use, inspect the LLVX for any signs of damage or wear.
- Attach the appropriate optics compatible with the LLVX, ensuring they are securely mounted.
- Follow all standard firearm safety rules when using the firearm equipped with the LLVX.
- After use, clean the LLVX as per the maintenance guidelines.

Disposal Instructions

- Dispose of the LLVX in accordance with local regulations regarding electronic and metal waste.
- Do not throw the product in regular household waste.
- Consider returning the product to a manufacturer or retailer for proper disposal or recycling options.

Contact Information for Further Support

If you have any questions regarding the operation or safety of the LLVX, please reach out to the manufacturer for assistance.

By adhering to these guidelines, you help ensure a safe and enjoyable experience with your LLVX, 4.5" barreled receiver. Thank you for your attention to safety!
