Scorpion LLV for Ruger MKII/MKIII, 4.5", Comp, Target Sights

A CNC-machined billet receiver is the foundation of this lightweight setup. The receiver and barrel shroud are precision-machined as one piece from aluminum. An integral Picatinny rail is machined into the top of the receiver. It is then fitted with either a 4.5" or 6" precision stainless steel barrel that has been machine-honed and lapped. The barrel has been contoured to reduce weight without sacrificing accuracy.

The Scorpion LLV Competition Upper features a stainless steel breech face designed to withstand years of use both in practice and on the range!

- Works with any MKII or MKIII frame (either 22/45 or Target Model)
- Not compatible with MK IV

LLV Competition Pistol Upper Safety Instruction Guide

Introduction

Thank you for choosing the LLV Competition Pistol Upper. This guide provides essential safety instructions and guidelines to ensure the safe use and maintenance of your product. Please read this document carefully to familiarize yourself with the necessary precautions and instructions.

General Safety Guidelines

- Always handle the pistol upper with care, treating it as if it is loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your fingers off the trigger until you are ready to shoot.
- Store the pistol upper in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your equipment for signs of wear or damage.
- Follow all local laws and regulations regarding firearm use and ownership.
- If you are unfamiliar with firearms, seek instruction from a qualified professional before use.

Specific Safety Precautions for Use

- Use only compatible frames (Ruger MKII or MKIII) for installation.
- Ensure that the muzzle threads are properly aligned and secured before use.
- Avoid using the upper with any other models, including MK IV, as it may pose safety risks.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure that the shooting area is clear of people and obstructions.
- Do not modify the upper or use nonapproved accessories that could affect safety and performance.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing upper from the Ruger MKII or MKIII frame.
- Align the LLV Competition Pistol Upper with the frame.
- Securely attach the upper to the frame, ensuring proper fit.
- Check that all components are tightly secured before proceeding.

2. Usage

- Load the firearm only when you are ready to shoot.
- Follow the manufacturer's guidelines for ammunition types and specifications.
- After firing, immediately check for any malfunctions or irregularities.
- If a malfunction occurs, follow proper clearing procedures and do not attempt to fire again until the issue is resolved.

Disposal Instructions

- Dispose of the product according to local regulations for hazardous materials.
- Do not throw the upper in regular trash; contact your local waste management facility for guidance on proper disposal methods.
- If the upper is damaged beyond repair, ensure that it is rendered inoperable before disposal.

Contact Information for Further Support

For any inquiries regarding safety, usage, or support, please reach out to the appropriate EUbased contact point. Ensure that you have all relevant product information on hand when seeking assistance.

Thank you for taking the time to read this safety instruction guide. Your safety is our priority, and we hope you enjoy using your LLV Competition Pistol Upper responsibly.
