# Pistol Competition Kit, MKII or MKIII, Black Safety Instructions

## Introduction

Thank you for choosing the Pistol Competition Kit, MKII or MKIII, Black by VOLQUARTSEN. This kit includes essential components designed to enhance your Ruger MKII, MKIII, and 22/45 pistols. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Ensure the muzzle is pointed in a safe direction at all times.
- Store firearms and ammunition securely and out of reach of children.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not use the Pistol Competition Kit if you are under the influence of drugs or alcohol.
- Regularly inspect your firearm and the components of the kit for wear and damage.
- Follow all local laws and regulations regarding firearm ownership and use.

## Specific Safety Precautions for Use

- Ensure that the Pistol Competition Kit is compatible with your specific model (MKII, MKIII, or 22/45).
- Always wear appropriate eye and ear protection when using your firearm.
- Avoid using the kit in wet or humid conditions to prevent corrosion.
- Do not attempt to modify or alter the components of the kit beyond the manufacturer's instructions.
- Be cautious of the trigger pull weight; a lighter trigger pull can lead to accidental discharges if not handled properly.
- Always ensure the firearm is unloaded before installing or removing components from the kit.

## Instructions for Installation and Usage

### 1. Installation of the Accurizing Kit

- Ensure the firearm is unloaded.
- Follow the manufacturer's instructions for disassembly.
- Replace the factory components with those included in the Accurizing Kit.
- Reassemble the firearm and ensure all parts are securely in place.

### 2. Installation of the Bolt TuneUp Kit

- Confirm that the firearm is unloaded.
- Disassemble the firearm according to the manufacturer's guidelines.
- Install the new bolt components as specified in the kit instructions.
- Reassemble the firearm and perform a function check to ensure proper operation.

### 3. Installation of the CNCMachined Disconnect

- Ensure the firearm is unloaded.
- Follow the disassembly instructions provided by the manufacturer.
- Replace the existing disconnect with the CNCMachined Disconnect from the kit.
- Reassemble the firearm and verify that the disconnect operates correctly.

#### **4. Testing the Trigger Pull**

- After installation, ensure the firearm is unloaded.
- Test the trigger pull in a safe environment.
- Adjust as necessary according to the manufacturer's recommendations.

### **Disposal Instructions**

- Dispose of any used or damaged components of the Pistol Competition Kit in accordance with local regulations.
- Do not dispose of firearms or ammunition in regular trash.
- Contact local authorities for proper disposal methods for firearms and ammunition.

### **Contact Information for Further Support**

For any inquiries regarding safety, installation, or usage of the Pistol Competition Kit, please refer to the manufacturer's contact details or website for assistance.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your Pistol Competition Kit, MKII or MKIII, Black. Always prioritize safety and responsible firearm handling.
