# Pistol Competition Kit, MKII or MKIII, Silver Safety Instruction Guide

## Introduction

Thank you for choosing the Pistol Competition Kit, MKII or MKIII, Silver. This kit is designed to enhance your Ruger MKII, MKIII, or 22/45 pistol performance. However, as with any firearm accessory, safety is paramount. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always treat firearms as if they are loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure the firearm is unloaded when installing or adjusting accessories.
- Store the Pistol Competition Kit and any firearms in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the kit and firearm for any signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with Ruger MKII, MKIII, or 22/45 models as specified.
- Ensure all components of the kit are properly installed before use.
- Follow the installation instructions carefully to avoid improper assembly that could lead to malfunction.
- Do not exceed recommended specifications for trigger pull or modifications.
- Avoid using the firearm in adverse conditions (e.g., wet or muddy environments) without proper maintenance.
- If you are unsure about any aspect of the installation or usage, consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation Instructions

1. **Unpacking the Kit:** Carefully remove the components from the packaging. Ensure all parts are present:

- Accurizing Kit
- Bolt TuneUp Kit
- CNCMachined Disconnector

2. **Preparation:**

- Ensure the firearm is unloaded.
- Gather necessary tools for installation (e.g., screwdriver, wrench).

3. **Installing the Accurizing Kit:**

- Follow the specific instructions included with the Accurizing Kit.
- Ensure all screws and fasteners are tightened securely.

4. **Installing the Bolt TuneUp Kit:**

- Refer to the instructions provided with the Bolt TuneUp Kit.

- Make sure to check the fitment of all components.

## 5. Installing the CNC Machined Disconnector:

- Follow the guidelines for installation included with the disconnector.
- Verify that the disconnector moves freely and does not bind.

## 6. Final Inspection:

- After installation, conduct a thorough inspection of the firearm to ensure all components are properly secured.
- Test the trigger pull to ensure it meets the desired specifications of 2.25 lbs.

## Usage Instructions

- Always perform a function check before using the firearm.
- Ensure the firearm is clean and well-maintained.
- Use appropriate ammunition as specified by the firearm manufacturer.
- Practice safe handling and shooting techniques at all times.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of firearms or firearm accessories in regular trash.
- Contact local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For further assistance or inquiries regarding safety or installation, please consult a qualified firearms dealer or gunsmith. Always ensure to follow local laws and regulations regarding firearm usage and modifications.

By adhering to these safety guidelines and instructions, you can enjoy the enhanced performance of your Pistol Competition Kit while ensuring a safe shooting experience. Thank you for prioritizing safety.
