VCut Singleport Compensator Safety Instructions

Introduction

Thank you for purchasing the VCut Singleport Compensator designed for the Volquartsen LLV upper and Scorpion or Black Mamba pistol. This safety instruction guide is intended to provide you with important information regarding the safe use, installation, and maintenance of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the compensator is compatible with your firearm before installation.
- Always handle firearms and accessories with care and follow standard safety practices.
- Keep the compensator and all firearm accessories out of reach of children and vulnerable individuals.
- Regularly inspect the compensator for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when handling or installing the compensator.
- Ensure that the firearm is unloaded and pointed in a safe direction during installation.
- Do not attempt to install the compensator if you are unsure of the process; seek professional assistance if needed.
- Avoid using excessive force when tightening the knurled nut to prevent damage to the compensator or firearm.
- Do not modify the compensator in any way that could affect its performance or safety.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is unloaded and in a safe condition.
- Gather necessary tools, including the provided pin wrench.

2. Installation

- Locate the muzzle threads of your firearm.
- Align the compensator with the muzzle threads and gently screw it on.
- Use the pin wrench to tighten the knurled nut securely, ensuring a snug fit without overtightening.

3. Usage

- Once installed, test the firearm in a safe area to ensure proper function.
- Monitor the compensator during use for any signs of loosening or damage.
- After use, clean the compensator as per the manufacturer's recommendations to maintain its durability.

Disposal Instructions

- Dispose of the compensator in accordance with local regulations.
- If the compensator is damaged or no longer needed, consider recycling materials where possible.
- Do not dispose of the compensator in regular household waste.
