Accurizing Kit for the Ruger MK IV Pistol Safety Instructions

Introduction

Thank you for purchasing the Accurizing Kit for the Ruger MK IV Pistol, Gold Trigger by VOLQUARTSEN. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your product. Please read this document carefully before using the kit to avoid any hazards and ensure compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that all components are compatible with the Ruger MK IV Pistol before installation.
- Always handle firearms with care, treating them as if they are loaded.
- Keep the Accurizing Kit and all related tools out of reach of children and unauthorized users.
- Do not modify or alter any components of the kit beyond the provided instructions.
- Regularly inspect your firearm and the Accurizing Kit for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses and gloves, when handling the kit and during installation.
- Ensure that the firearm is unloaded and pointed in a safe direction before beginning installation.
- Avoid distractions while installing the kit; focus solely on the task at hand.
- Be aware of potential pinch points during installation and use.
- After installation, test the trigger pull in a safe environment to ensure proper function before using the firearm.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components from the Accurizing Kit.
- Ensure your workspace is clean and free from clutter.

2. Installation Steps

- Remove the magazine and ensure the firearm is unloaded.
- Disassemble the Ruger MK IV Pistol according to the manufacturer's instructions.
- Replace the existing components with those provided in the Accurizing Kit:
 - Install the CNC Machined Disconnecter.
 - Replace the Hammer with the Target Hammer.
 - Insert the Hammer Bushing.
 - Install the Target Sear.
- Adjust pretravel and overtravel settings as desired.
- Reassemble the firearm carefully, ensuring all parts are correctly seated.

3. Testing

- After installation, perform a function check:
 - Ensure the trigger pull is crisp and clean, approximately 2.25 lbs.

- Check that the magazine disconnect has been eliminated.
- Conduct a safety check to confirm the firearm operates correctly.

4. Usage

- Use the firearm in a safe and controlled environment.
- Follow all local laws and regulations regarding firearm usage.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If any components of the Accurizing Kit become damaged or unusable, dispose of them responsibly, ensuring they do not pose a hazard to others.

Contact Information for Further Support

For any questions or additional support regarding the Accurizing Kit for the Ruger MK IV Pistol, please refer to the manufacturer's website or customer service contacts provided with your product.

Thank you for prioritizing safety and compliance while using the Accurizing Kit for the Ruger MK IV Pistol. Enjoy your enhanced shooting experience!
