Accurizing Kit for the Ruger MK IV Pistol Safety Instruction Guide

Introduction

Thank you for purchasing the Accurizing Kit for the Ruger MK IV Pistol. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this document carefully before using the kit.

General Safety Guidelines

- Always handle firearms with care and follow all safety rules.
- Ensure that the firearm is unloaded before installation or adjustment.
- Keep the kit and all components out of reach of children and unauthorized users.
- Use appropriate protective gear, such as safety glasses, when working with the kit.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Verify that the Accurizing Kit is compatible with your Ruger MK IV Pistol before installation.
- Do not attempt to modify the kit or any of its components beyond the provided instructions.
- Ensure that all adjustments are made when the firearm is in a safe condition (unloaded and pointed in a safe direction).
- Be aware of the potential hazards associated with modifying trigger mechanisms, including unintended discharges.
- If you are unsure about any aspect of installation or usage, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components included in the kit.
- Ensure your workspace is clean and free of distractions.

2. Installation Steps

- **Remove the Magazine:** Ensure the firearm is unloaded and remove the magazine.
- **Disassemble the Pistol:** Follow the manufacturer's instructions to disassemble the Ruger MK IV.
- **Install the Disconnecter:** Replace the existing disconnecter with the CNC Machined Disconnecter from the kit.
- **Install the Target Hammer:** Remove the old hammer and install the Target Hammer.
- **Replace the Hammer Bushing:** Ensure the Hammer Bushing is securely in place.
- **Install the Target Sear:** Replace the existing sear with the Target Sear.
- **Adjust Pretravel and Overtravel:** Make the necessary adjustments to the pretravel and overtravel settings as per the instructions provided in the kit.
- **Reassemble the Pistol:** Carefully reassemble the firearm, ensuring all components are correctly installed.
- **Function Test:** Conduct a function test to ensure the trigger operates correctly and safely.

3. Usage Guidelines

- Always perform a function check before using the firearm after installation.

- Familiarize yourself with the new trigger pull weight and characteristics.
- Maintain regular cleaning and inspection of the firearm and kit components.

Disposal Instructions

- Dispose of any packaging materials and unused components in accordance with local waste disposal regulations.
- Do not dispose of the kit components in fire or water, as this may pose environmental hazards.

Contact Information for Further Support

For assistance with your Accurizing Kit for the Ruger MK IV Pistol, please refer to the manufacturer's website or contact customer support directly. Ensure you have your product details available for a more efficient response.

By following these safety instructions, you can enjoy the enhanced performance of your Ruger MK IV Pistol while ensuring a safe shooting experience. Thank you for your attention to these important safety guidelines.
