Accurizing Kit for the Ruger MK IV Pistol Safety Instructions

Introduction

Thank you for choosing the Accurizing Kit for the Ruger MK IV Pistol. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this manual carefully before installation and usage.

General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following general safety guidelines:

- Always treat your firearm as if it is loaded, even if you believe it is not.
- Ensure your workspace is clean and free of distractions during installation and usage.
- Keep the Accurizing Kit and all firearm components out of reach of children and unauthorized users.
- Use protective eyewear when handling tools and during installation.
- Always follow the manufacturer's instructions for your firearm.

Specific Safety Precautions for Use

When using the Accurizing Kit, please observe the following precautions:

- Ensure the firearm is unloaded before beginning installation.
- Do not attempt to install the kit if you are unfamiliar with firearm components or lack the necessary tools.
- Be cautious of sharp edges on machined parts.
- Ensure all parts are securely fastened before using the firearm.
- Regularly inspect the installed components for wear or damage.
- Do not modify the kit or use it in ways not intended by the manufacturer.

Instructions for Installation and Usage

Follow these steps for the safe installation and usage of the Accurizing Kit:

1. Preparation:

- Gather all necessary tools, including a screwdriver and medium strength Loctite.
- Ensure the Ruger MK IV Pistol is unloaded and pointed in a safe direction.

2. Installation Steps:

- Remove the existing trigger components from the Ruger MK IV Pistol.
- Install the CNC Machined Disconnect in accordance with the manufacturer's specifications.
- Attach the Target Hammer and Hammer Bushing securely.
- Install the Target Sear and ensure it is correctly positioned.
- Insert the Target Trigger with plunger and spring.
- Make adjustments for pretravel and overtravel as needed.
- Use medium strength Loctite to secure the adjustment screws.

3. Final Checks:

- After installation, perform a function check of the trigger to ensure proper operation.
- Confirm that the magazine disconnect has been eliminated as intended.
- Store the firearm in a safe location when not in use.

Disposal Instructions

When disposing of the Accurizing Kit or any firearm components:

- Follow local laws and regulations regarding the disposal of firearm parts.
- Do not dispose of components in regular household waste.
- Contact local law enforcement or a licensed firearms dealer for proper disposal methods.

Contact Information for Further Support

For safety inquiries or additional support regarding the Accurizing Kit for the Ruger MK IV Pistol, please refer to the manufacturer's contact information included with the product packaging or visit their official website.

Conclusion

By following these safety instructions, you can help ensure a safe and enjoyable experience with your Accurizing Kit for the Ruger MK IV Pistol. Always prioritize safety and responsibility when handling firearms. Thank you for your attention to these important guidelines.
