

# Mamba-X LLV for Ruger MK IV, 6"

[Handgun Parts](#) > [Frame Parts](#) > [Handgun Receivers](#)

This upper is perfect for your Ruger MK IV. Not only is it extremely light and well balanced, but the accuracy is even better. Not only is it extremely light and well balanced, the accuracy is even better. We use a hard anodized, machined Type III aluminum barrel to reduce weight, and then finish it with a stainless steel match barrel.

Our Mamba LLV Competition Uppers are different from other lightweight designs. Despite its light weight, it features a stainless steel breech that can withstand the rigors of shooting sports.

Compatible with the following optics:

Burris Fast Fire  
C-More RTS 2  
C-More Slide Ride  
JP Enterprises JPoint  
Leupold DeltaPoint  
Shield Sights Mini Sight

# MambaX LLV for Ruger MK IV Safety Instruction Guide

## Introduction

Congratulations on your purchase of the MambaX LLV for Ruger MK IV. This product is designed for enhanced performance and accuracy in shooting sports. To ensure safe and optimal use, please read this safety instruction guide carefully. It contains important information regarding the safe handling, installation, and maintenance of your product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Ensure that the area is clear of people and obstacles before using your firearm.
- Use only the recommended ammunition specified for your firearm.
- Regularly inspect your firearm for any signs of wear or damage.
- Store your firearm securely and out of reach of children and unauthorized users.
- Always wear appropriate eye and ear protection when using your firearm.
- Be aware of your surroundings and ensure you have a proper backstop when shooting.

## Specific Safety Precautions for Use

- The MambaX LLV is designed for use with Ruger MK IV models. Ensure compatibility before installation.
- Do not exceed the manufacturer's recommended specifications for ammunition and accessories.
- Be cautious of the weight and balance of your firearm after installation, as this may affect handling.
- Ensure that all optic mounting holes are securely filled with the preinstalled filler screws to avoid any accidents.
- Do not modify the product in any way that is not recommended by the manufacturer.
- Always follow the manufacturer's instructions for the installation and use of optics.
- Keep the product clean and free from obstructions to maintain safe operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing upper from your Ruger MK IV by following the manufacturer's instructions.
- Align the MambaX LLV upper with the lower receiver of your Ruger MK IV.
- Securely attach the upper to the lower receiver, ensuring a proper fit.
- Install any optics according to the manufacturer's guidelines, using the preinstalled filler screws for all optic mounting holes.
- Doublecheck that all screws and attachments are secure before use.

### 2. Usage:

- Always verify that the firearm is unloaded before and after each use.
- Use the MambaX LLV in a controlled environment, preferably at a designated shooting range.
- Follow all local laws and regulations regarding the use of firearms.
- Regularly clean and maintain the MambaX LLV to ensure optimal performance and safety.

## **Disposal Instructions**

- Dispose of the MambaX LLV in accordance with local regulations regarding electronic and firearm components.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for information on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the MambaX LLV for Ruger MK IV, please refer to the manufacturer's contact information provided with your product packaging.

## **Conclusion**

Your safety and the safety of those around you is of utmost importance. By following these guidelines, you can help ensure a safe and enjoyable experience with your MambaX LLV for Ruger MK IV. Always stay informed and aware of best practices in firearm safety. Thank you for choosing our product.
