

Extended Bolt Release for Ruger MK IV 22/45, Black

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

The extended bolt release gives you more surface area and deep grooves for easy thumb engagement.

The bolt release pad is CNC machined from 416 stainless steel and extends .050" further than the original release. This .050" extension combined with the improved ergonomic, low profile design of this release is an improvement every shooter is looking for.

Extended Bolt Release for Ruger MK IV 22/45

Safety Instruction Guide

Introduction

Thank you for purchasing the Extended Bolt Release for Ruger MK IV 22/45. This guide provides essential safety instructions to ensure the safe and effective use of your new product. Please read this document carefully before installation and use.

General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following guidelines:

- Always handle firearms with care and respect.
- Ensure the firearm is unloaded before installing or handling the bolt release.
- Store the product in a safe place, out of reach of children and unauthorized users.
- Regularly inspect your firearm and accessories for wear and damage.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Be aware of your surroundings and ensure a safe environment when using your firearm.

Specific Safety Precautions for Use

When using the Extended Bolt Release, please observe the following precautions:

- Do not use the bolt release if it appears damaged or malfunctioning.
- Ensure that your hands are dry and clean when engaging the bolt release to prevent slipping.
- Avoid applying excessive force when using the bolt release to prevent injury or damage.
- Always wear appropriate eye and ear protection when operating your firearm.
- Keep fingers away from the trigger until you are ready to shoot.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Remove the Original Bolt Release:**
 - Use appropriate tools to carefully remove the original bolt release from the firearm.
 - Follow the manufacturer's instructions for disassembly if necessary.
3. **Install the Extended Bolt Release:**
 - Align the Extended Bolt Release with the mounting area.
 - Securely attach the bolt release, ensuring it is properly seated and fastened.
4. **Test the Installation:**
 - After installation, perform a function check to ensure the bolt release operates correctly.
 - Ensure there are no obstructions that could interfere with its operation.

Usage

- To engage the bolt release, use your thumb to press down on the extended pad.
- Ensure that the firearm is in a safe condition before engaging the bolt release.
- Familiarize yourself with the feel and operation of the extended bolt release to ensure smooth usage.

Disposal Instructions

When disposing of the Extended Bolt Release or any related components, please follow these guidelines:

- Do not dispose of the product in regular household waste.
- Check local regulations for proper disposal methods for metal components.
- Consider recycling the product if possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the Extended Bolt Release, please refer to the manufacturer's contact information provided with your product. Ensure you have your purchase details ready when seeking assistance.

Conclusion

By following these safety instructions, you can ensure the safe use of the Extended Bolt Release for Ruger MK IV 22/45. Your safety and the safety of those around you are of utmost importance. Thank you for choosing this product, and enjoy your enhanced shooting experience.
