

# Carbon Fiber THM Tension Barrel for 22 Charger, No Threads

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

The Lightweight THM Tension Barrel sets the standard for what a lightweight barrel should be. It features a sleeve that is used to create tension on the barrel itself. This unique design eliminates issues typically found in smaller barrel profiles. The THM tension barrel consists of a special taper honed match barrel and chamber. This is the ultimate lightweight barrel.

This barrel can be set up with 1/2x28 threads and fitted with any of our available compensators.

# Safety Instructions for Carbon Fiber THM Tension Barrel for 22 Charger

## Introduction

Thank you for purchasing the Carbon Fiber THM Tension Barrel for your 22 Charger. This lightweight barrel sets the standard for performance and safety. Please read this safety instruction guide carefully to ensure safe usage and maintenance of this product.

## General Safety Guidelines

- Ensure you are familiar with the operation of your firearm before using this product.
- Always handle firearms with care and treat them as if they are loaded.
- Store the barrel and all firearm components securely and out of reach of children.
- Regularly inspect the barrel for any signs of damage or wear before each use.
- Follow all local laws and regulations regarding the use and modification of firearms.
- Use only compatible components with the Carbon Fiber THM Tension Barrel to avoid malfunctions or accidents.

## Specific Safety Precautions for Use

- Do not exceed the recommended barrel length and twist rate for your firearm.
- Ensure that the barrel is properly installed before firing.
- Avoid using ammunition that is not designed for your specific firearm model.
- Be aware of your surroundings and ensure a safe shooting environment.
- Use appropriate eye and ear protection when firing.
- If you detect any unusual sounds or behavior from the firearm while using this barrel, cease use immediately and inspect the firearm.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure the firearm is unloaded and safe to handle.
2. **Remove the Existing Barrel:** Follow the manufacturer's instructions for safely removing the existing barrel from your 22 Charger.
3. **Inspect the Tension Barrel:** Check the Carbon Fiber THM Tension Barrel for any visible damage before installation.
4. **Install the Tension Barrel:**
  - Align the barrel with the receiver.
  - Secure the barrel according to the manufacturer's specifications, ensuring it is fitted tightly.
5. **Check for Stability:** After installation, ensure the barrel is stable and does not wobble.
6. **Final Inspection:** Inspect the installation to ensure there are no gaps or misalignments.

### Usage

- Always follow safe shooting practices.
- Use the barrel with appropriate ammunition as specified by the firearm manufacturer.
- After each use, clean the barrel according to the recommended cleaning procedures to maintain performance and safety.

## **Disposal Instructions**

- Dispose of the Carbon Fiber THM Tension Barrel responsibly.
- Check local regulations for the disposal of firearm components.
- Do not discard in regular household waste. Utilize designated recycling or hazardous waste facilities when applicable.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Carbon Fiber THM Tension Barrel, please reach out to your local dealer or manufacturer. Always ensure you have the latest safety information and guidelines.

Thank you for prioritizing safety while using the Carbon Fiber THM Tension Barrel for your 22 Charger. Your attention to these guidelines helps ensure a safe and enjoyable shooting experience.
