

SF-1, 22 LR with Hogue Stock

[Firearms](#) > [Rifles](#) > [Semi-Auto](#)

The SF-1 is one of our most unique rifles we offer.

The snake fluting is not a straight flute, nor a spiral flute but a hybrid of the two. Its increased surface area allows more heat dissipation than conventional straight flutes but at the same time is more rigid than spiral flutes. A Forward Blow Compensator is then installed to provide recoil free shooting. Its innovative design will also help direct noise downrange.

It has always been our goal to achieve bolt action accuracy from a semi-auto and this begins with the barrel. Our stainless steel barrels feature match bore and chamber tolerances. Digital gauging equipment ensures that each barrel meets our stringent criteria.

Attributes

- Name: [SF-1, 22 LR with Hogue Stock](#)
- Manufacturer: [VOLQUARTSEN](#)

SF1, 22 LR with Hogue Stock Safety Instruction Guide

Introduction

Thank you for choosing the SF1, 22 LR with Hogue Stock. Your safety is our top priority. This guide provides essential safety instructions and information to ensure safe and responsible use of your rifle. Please read this guide carefully before using the product.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Ensure that the firearm is not loaded when not in use.
- Store the firearm in a secure location, out of reach of children and unauthorized users.
- Use only the recommended ammunition for your rifle.
- Always wear appropriate safety gear, including eye and ear protection, when using the rifle.
- Be aware of your surroundings and ensure that you have a clear and safe shooting area.
- Do not use the firearm under the influence of drugs or alcohol.
- Regularly inspect your rifle for any signs of damage or wear.

Specific Safety Precautions for Use

- Ensure that the safety mechanism is engaged when the firearm is not in use.
- Do not place your finger on the trigger until you are ready to shoot.
- Be cautious of obstructions in the barrel before firing.
- Do not attempt to modify or alter the firearm in any way.
- If a misfire occurs, keep the firearm pointed downrange for at least 30 seconds before attempting to clear the malfunction.
- Always be aware of the maximum range of your ammunition and ensure that you are shooting in a safe environment.

Instructions for Installation and Usage

1. Installation of the Forward Blow Compensator:

- Follow the manufacturer's instructions for the correct installation of the Forward Blow Compensator.
- Ensure that all components are securely fastened before use.

2. Loading the Magazine:

- Use only the specified 10round magazine for your rifle.
- Load the magazine by following the indicated steps in the manual.
- Ensure the magazine is seated properly in the firearm before attempting to fire.

3. Firing the Rifle:

- Ensure that the safety is in the "off" position before firing.
- Take a stable shooting stance and ensure your grip is secure.
- Aim at your target and gently squeeze the trigger to fire.

4. PostFiring Procedures:

- After firing, engage the safety mechanism immediately.
- Remove the magazine and ensure the chamber is clear.
- Clean the rifle according to the manufacturer's recommendations to maintain its performance.

Disposal Instructions

- Dispose of any used ammunition and firearm components in accordance with local regulations.
- Do not dispose of firearms in regular trash. Contact local authorities for proper disposal methods.
- Ensure that the firearm is rendered inoperable before disposal to prevent unauthorized use.

Contact Information for Further Support

For any safety inquiries or concerns regarding your SF1, 22 LR with Hogue Stock, please refer to the manufacturer's website or contact your local dealer for assistance.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your SF1, 22 LR with Hogue Stock. Always prioritize safety and responsibility when handling firearms. Thank you for your attention to these important safety measures.
