

Carbon Fiber Lightweight barrel for SW22 with Forward Blow Comp

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Lightweight THM carbon fiber tension barrel for the Smith & Wesson SW22 pistol.

This barrel uses the same technology as our carbon fiber tension rifle barrels. Its unique design provides the shooter with increased accuracy at a much lighter weight than a standard bull barrel.

- 8.25" long with comp
- 6.75" long without comp
- Easy, drop-in installation

Carbon Fiber Lightweight Barrel for SW22 Safety Instruction Guide

Introduction

Thank you for choosing the Carbon Fiber Lightweight Barrel for the Smith & Wesson SW22 pistol. This product is designed to enhance your shooting experience by providing improved accuracy and reduced weight. To ensure safe and effective use of this barrel, please read and follow the safety instructions and guidelines outlined in this document.

General Safety Guidelines

- Always treat the firearm as if it is loaded, even if you believe it is not.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that you are in a safe environment when using the firearm.
- Be aware of your surroundings and ensure that there are no people or animals in the line of fire.
- Use appropriate eye and ear protection when shooting.
- Regularly inspect the barrel and firearm for any signs of wear or damage before use.
- Store the barrel and firearm in a secure location, away from children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the barrel is compatible with the SW22 model before installation.
- Do not exceed the recommended barrel length of 6.5 inches for safe operation.
- Use only the specified muzzle threads (1/228) for attachment.
- Avoid using the barrel with ammunition that exceeds the manufacturer's specifications.
- Be cautious when handling the barrel, as it may become hot during use.
- Ensure proper cleaning and maintenance of the barrel to prevent malfunctions.
- Do not modify the barrel or firearm in any way that could compromise safety.

Instructions for Installation and Usage

Installation Instructions

1. **Preparation:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Remove the Existing Barrel:**
 - Follow the manufacturer's instructions for removing the standard barrel from the SW22.
3. **Install the Carbon Fiber Barrel:**
 - Align the new barrel with the frame of the SW22.
 - Secure the barrel using the appropriate muzzle threads (1/228).
 - Ensure that the barrel is tightly fitted and does not wobble.
4. **Check Alignment:** Verify that the barrel is properly aligned and securely attached.
5. **Final Inspection:** Inspect the installation for any visible gaps or misalignment.

Usage Instructions

- Load the firearm only when you are ready to shoot.
- Always keep your finger off the trigger until you are ready to fire.
- Follow all local laws and regulations regarding firearm usage.
- After shooting, clean the barrel according to the manufacturer's recommendations.

Disposal Instructions

When disposing of the Carbon Fiber Lightweight Barrel, please follow these guidelines:

- Do not dispose of the barrel in regular household waste.
- Check with your local waste management authorities for proper disposal methods.
- If the barrel is damaged or no longer usable, consider recycling options that accept metal materials.

Contact Information for Further Support

For any questions or concerns regarding the Carbon Fiber Lightweight Barrel for SW22, please refer to the manufacturer's website or customer service resources for assistance. Ensure that you have the product information available when seeking support.

By following these safety instructions, you can help ensure a safe and enjoyable shooting experience with your Carbon Fiber Lightweight Barrel for the Smith & Wesson SW22 pistol. Thank you for your attention to safety.
