

# Volquartsen Accurizing Kit - Volquartsen&nbsp;Accurizing&nbsp;Kit - Hard Anodized Aluminum - Silber - MKIII

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

## Complete Drop-In Kit

This complete drop-in kit includes

- Target Hammer
- Target Sear
- Target Trigger (available in black hard anodized aluminum or optional stainless steel)
- Extended bolt release button
- Trigger return spring with polished plunger

The trigger has adjustable pre- and post-travel screws.

## Accurizing Kit

The Accurizing Kit combines all the internal components necessary for a precise, clean 2.25lb trigger pull that discerning shooters are looking for. No polishing or adjustment required. Final trigger pull may vary slightly due to factory frame variations.

# Volquartsen Accurizing Kit Safety Instruction Guide

## Introduction

Thank you for purchasing the Volquartsen Accurizing Kit. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before installation and use, and keep it for future reference.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always handle the kit with care to avoid injury.
- Keep the kit out of reach of children and unauthorized users.
- Regularly inspect the kit for any signs of wear or damage before use.
- If you notice any defects or malfunctions, discontinue use immediately and contact the manufacturer.

## Specific Safety Precautions for Use

- Use the kit only with compatible models, specifically the MKIII.
- Always wear appropriate safety gear, such as safety glasses, when handling or installing the kit.
- Make sure the firearm is unloaded before starting any installation or maintenance work.
- Avoid working in a cluttered or hazardous environment to reduce the risk of accidents.
- Do not modify the kit or use it in any manner not specified by the manufacturer.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools before beginning the installation.
- Ensure you have a clean, welllit workspace.

### 2. Installation Steps

- Remove the existing components from your MKIII firearm as per the manufacturer's guidelines.
- Install the Target Hammer, Target Sear, and Target Trigger, ensuring they are seated correctly.
- Attach the Extended Bolt Release Button and ensure it operates smoothly.
- Insert the Trigger Return Spring with the polished plunger, ensuring it is correctly positioned.
- Adjust the pre and posttravel screws on the trigger to your desired specifications.

### 3. Final Checks

- After installation, perform a function check to ensure all components are operating correctly.
- Test the trigger pull to confirm it meets your expectations, keeping in mind that final trigger pull may vary slightly due to factory frame variations.

### 4. Usage

- Familiarize yourself with the operation of your firearm and the newly installed components.
- Always follow safe handling practices when using your firearm.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If the kit or any of its components are no longer usable, dispose of them in a manner that prevents any risk of harm to others, particularly children and pets.

## **Contact Information for Further Support**

For any safety inquiries, concerns, or to report unsafe products, please reach out to the manufacturer or consult the relevant EU safety authority. Regularly check the EU's Safety Gate platform for updates on recalls and safety notices.

Thank you for prioritizing safety while using the Volquartsen Accurizing Kit. Your attention to these guidelines helps ensure a safe and enjoyable experience.
