

Volquartsen Accurizing Kit - Stainless Steel - Silber - MKIII

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

Complete Drop-In Kit

This complete drop-in kit includes

- Target Hammer
- Target Sear
- Target Trigger (available in black hard anodized aluminum or optional stainless steel)
- Extended bolt release button
- Trigger return spring with polished plunger

The trigger has adjustable pre- and post-travel screws.

Accurizing Kit

The Accurizing Kit combines all the internal components necessary for a precise, clean 2.25lb trigger pull that discerning shooters are looking for. No polishing or adjustment required. Final trigger pull may vary slightly due to factory frame variations.

Volquartsen Accurizing Kit Safety Instruction Guide

Introduction

Thank you for choosing the Volquartsen Accurizing Kit. This guide provides essential safety instructions and precautions to ensure the safe use and installation of your product. Please read this manual carefully before use to understand how to handle the kit safely and effectively.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always keep the kit out of reach of children and vulnerable individuals.
- Regularly inspect the kit for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm modifications and usage.
- If you notice any unusual behavior during use, cease operation immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- **Handling:** Always handle the firearm with care, treating it as if it is loaded, even if it is not.
- **Installation:** Ensure that the firearm is unloaded before installing the Accurizing Kit. Remove the magazine and check the chamber.
- **Trigger Pull:** Be aware that the trigger pull weight may vary slightly due to factory frame variations. Familiarize yourself with the trigger's feel before using the firearm.
- **Polishing and Adjustment:** No polishing or adjustment is required for the Accurizing Kit. Do not attempt to modify the components.
- **Testing:** After installation, conduct a function test in a safe environment before using the firearm for shooting.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation.
- Ensure that you are in a safe and controlled environment.

2. Installation Steps:

- Clear the firearm of any ammunition.
- Remove the existing components as per the manufacturer's instructions.
- Install the Target Hammer, Target Sear, and Target Trigger from the Accurizing Kit.
- Ensure the Extended Bolt Release Button is securely in place.
- Replace the trigger return spring with the polished plunger included in the kit.
- Adjust the pre and posttravel screws on the trigger to your preference.

3. Final Checks:

- Confirm that all components are securely installed.
- Test the trigger function without ammunition to ensure proper operation.

4. Usage:

- Once installed, familiarize yourself with the new trigger pull.
- Always follow safe shooting practices when using the firearm.

Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local waste management regulations.
- If you need to dispose of the Accurizing Kit, follow local regulations regarding hazardous materials and firearm components.

Contact Information for Further Support

For any questions or concerns regarding the Volquartsen Accurizing Kit, please consult the manufacturer's website or contact your local dealer for assistance. Always ensure that you have access to the latest safety information and product updates.

By following these guidelines, you can ensure a safe and enjoyable experience with your Volquartsen Accurizing Kit. Thank you for your attention to safety and compliance.
