# Pistol Competition Kit Safety Instructions

## Introduction

Thank you for choosing the Pistol Competition Kit Black MKIII. This kit is designed to enhance the performance of your Ruger MKII, MKIII, and 22/45 firearms. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Never point your firearm at anything you do not intend to shoot.
- Store your firearm and ammunition separately and securely.
- Ensure you are in a safe and controlled environment when handling your firearm.
- Be aware of your surroundings and ensure that no one is in the line of fire.
- Always wear appropriate eye and ear protection when shooting.
- Regularly inspect your firearm and accessories for signs of wear or damage.

## Specific Safety Precautions for Use

- Ensure the Pistol Competition Kit is compatible with your firearm model (MKII, MKIII, or 22/45).
- Follow all instructions provided in the kit for installation and usage to avoid malfunctions.
- Do not attempt to modify the kit or any of its components beyond the manufacturer's specifications.
- Keep the kit and its components out of reach of children and unauthorized users.
- If you experience any issues during installation or usage, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools as indicated in the installation instructions.

### 2. Installation of the Accurizing Kit

- Follow the detailed instructions included in the kit for the installation of the Accurizing Kit.
- Ensure all components are securely attached and functioning correctly before use.

### 3. Installation of the Bolt TuneUp Kit

- Carefully replace the bolt components as per the instructions.
- Check for proper alignment and secure fitting of all parts.

### 4. CNC Machined Disconnector Installation

- Install the disconnector according to the provided guidelines.
- Verify that the disconnector operates smoothly and does not obstruct the trigger mechanism.

### 5. Final Checks

- After installation, conduct a function check of your firearm to ensure everything is working as intended.
- Test the trigger pull and ensure it is at the desired weight of 2.25 pounds.

## 6. Usage

- When using your firearm equipped with the Pistol Competition Kit, follow all standard shooting practices.
- Be mindful of the enhanced performance and adjust your shooting technique accordingly.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- Do not dispose of firearm components in regular waste. Check with local authorities for proper disposal methods of firearm parts.

## Contact Information for Further Support

For any questions or concerns regarding the Pistol Competition Kit, please refer to the contact details provided with your purchase. Ensure you have the model number and any relevant information available when seeking assistance.

## Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience while using the Pistol Competition Kit. Always prioritize safety and responsibility when handling firearms. Thank you for your commitment to safe shooting practices.
