# Pistol Competition Kit Safety Instructions

## Introduction

Thank you for choosing the Pistol Competition Kit designed for Ruger MKII, MKIII, and 22/45 models. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before use.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that you are in a safe environment when using the Pistol Competition Kit.
- Familiarize yourself with the operation of your firearm and the components of the kit.
- Keep the kit and all firearm components out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that all parts of the Pistol Competition Kit are compatible with your specific firearm model (MKII, MKIII, or 22/45).
- Do not modify any components of the kit beyond the intended use as specified in this manual.
- Always wear appropriate eye and ear protection when using your firearm.
- Avoid using the firearm in wet or damp conditions to prevent malfunction.
- Inspect all components of the kit for damage before installation and use.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

#### 1. Prepare Your Workspace:

- Ensure your workspace is clean and organized.
- Have all necessary tools on hand.

#### 2. Disassemble Your Firearm:

- Follow the manufacturer's instructions to safely disassemble your Ruger firearm.
- Ensure the firearm is unloaded before beginning any work.

#### 3. Install the Accurizing Kit:

- Locate the installation points as per the provided instructions.
- Carefully install the components of the Accurizing Kit, ensuring a secure fit.

#### 4. Install the Bolt TuneUp Kit:

- Follow the specific instructions for your firearm model (MKI, MKII, MKIII, MK IV, or 22/45).
- Ensure all parts are correctly aligned and secured.

#### 5. Install the CNC Machined Disconnect:

- For MKII and MKIII models, follow the instructions to replace the existing disconnect with the new

- CNC machined part.
- Confirm that the disconnecter is properly seated and functioning.

#### **6. Reassemble Your Firearm:**

- Carefully reassemble your firearm, ensuring all components are in their correct positions.
- Perform a function check to ensure everything operates correctly.

### **Usage**

- Ensure your firearm is pointed in a safe direction before loading.
- Load your firearm according to the manufacturer's instructions.
- When ready to shoot, maintain a firm grip and a stable stance.
- Monitor your surroundings and ensure that the area is clear of bystanders.
- After use, unload your firearm and store it safely.

### **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If you need to dispose of any components from the Pistol Competition Kit, check with local authorities for proper disposal methods.
- Do not discard any components in regular trash unless confirmed safe to do so.

### **Contact Information for Further Support**

For any questions or support related to the Pistol Competition Kit, please consult the manufacturer or authorized dealer. They can provide additional assistance and information regarding product safety and usage.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Pistol Competition Kit. Always prioritize safety and responsible firearm handling. Thank you for your commitment to safe shooting practices.
