Pistol Competition Kit Safety Instructions

Introduction

Thank you for purchasing the Pistol Competition Kit designed for your Ruger MKII, MKIII, and 22/45. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this manual carefully before using the kit.

General Safety Guidelines

- Ensure that all components of the Pistol Competition Kit are installed correctly before use.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep your firearm pointed in a safe direction at all times.
- Store the kit and your firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the kit and your firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm usage and modifications.

Specific Safety Precautions for Use

- Only use the Pistol Competition Kit with compatible models: Ruger MKII, MKIII, and 22/45.
- Ensure that you are familiar with the operation of your firearm before attempting to install or use the kit.
- Avoid using the kit in wet or damp conditions to prevent rust and corrosion.
- Always wear appropriate eye and ear protection when using your firearm.
- Do not modify any components of the kit beyond the intended design.
- If you experience any malfunctions or irregularities while using your firearm, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure your firearm is unloaded. Remove the magazine and check the chamber.
- Gather all components of the Pistol Competition Kit.

2. Installation

- Follow the specific instructions included with the Accurizing Kit and the Bolt TuneUp Kit.
- For the CNC machined disconnect, consult the installation guide to ensure proper fitting in the MKII and MKIII models.
- Verify that all parts are securely attached before reassembling your firearm.

3. Usage

- Test the trigger pull to ensure it is functioning correctly and is set to the desired 2.25pound pull weight.
- Conduct a function test in a safe environment before taking the firearm to a shooting range.
- Monitor for any stovepipes or failures during use and address them immediately.

Disposal Instructions

- Dispose of any unused or damaged components of the Pistol Competition Kit in accordance with local regulations.
- Do not discard any parts in general waste; check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any questions or concerns regarding the Pistol Competition Kit, please refer to the manufacturer's contact information provided with your purchase.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your Pistol Competition Kit. Always prioritize safety and responsibility when handling firearms. Thank you for choosing our product!
