# Safety Instruction Guide for Volquartsen Loaded Chamber Indicator Filler Black MKIII

## Introduction

Thank you for choosing the Volquartsen Loaded Chamber Indicator Filler for your Ruger MKIII pistol. This guide provides essential safety instructions and guidelines to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR). Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that all users are familiar with the safe handling and operation of firearms.
- Always treat firearms as if they are loaded, even when you believe they are not.
- Store the Loaded Chamber Indicator Filler and your firearm in a secure location, away from children and unauthorized users.
- Regularly inspect the Loaded Chamber Indicator Filler for signs of wear or damage before each use.
- If you notice any defects or issues with the product, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Only use the Loaded Chamber Indicator Filler with Ruger MKIII pistols.
- Do not attempt to modify or alter the Loaded Chamber Indicator Filler in any way.
- Ensure that the firearm is completely unloaded before installing or removing the Loaded Chamber Indicator Filler.
- Do not use the firearm with the Loaded Chamber Indicator Filler installed if it is damaged or not functioning correctly.
- Always follow the manufacturer's instructions for the safe operation of your Ruger MKIII pistol.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is pointed in a safe direction.
- Confirm that the firearm is unloaded by visually and physically checking the chamber and magazine.

### 2. Installation:

- Remove the original load level indicator from the Ruger MKIII pistol.
- Carefully insert the Volquartsen Loaded Chamber Indicator Filler into the designated slot.
- Ensure that the filler is seated properly and securely.

### 3. Usage:

- Once installed, the Loaded Chamber Indicator Filler will provide a clean appearance and improved reliability.
- Regularly check the filler for proper fit and function during routine firearm inspections.

### 4. Removal:

- To remove the Loaded Chamber Indicator Filler, ensure the firearm is unloaded.
- Gently pull the filler from its position, taking care not to damage the firearm.

## Disposal Instructions

- Dispose of the Loaded Chamber Indicator Filler in accordance with local regulations for metal waste.
- If the product is damaged or no longer usable, ensure it is disposed of in a manner that prevents accidental use.

## Contact Information for Further Support

For any safety inquiries or additional support regarding the Volquartsen Loaded Chamber Indicator Filler, please refer to the manufacturer's contact details provided with your product or on their official website.

## Conclusion

By following these safety instructions, you can ensure the safe and effective use of the Volquartsen Loaded Chamber Indicator Filler for your Ruger MKIII pistol. Always prioritize safety and compliance with relevant regulations to protect yourself and others. Thank you for your attention to these important guidelines.
