# Spring Kit Safety Instruction Guide

## Introduction

Thank you for choosing the Volquartsen Reduced Power Trigger Plunger and Mainspring Kit for Ruger MKI, MKII, MKIII, and 22/45. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms and their components with care, following all safety protocols.
- Keep the product and all firearm components out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe environment when handling firearms.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when working with firearms.
- Ensure the firearm is unloaded before beginning any installation or maintenance.
- Do not attempt to use the kit if you are not familiar with firearms or are not a qualified individual.
- Inspect all components of the kit for damage before use; do not use damaged components.
- Follow all local laws and regulations regarding firearms and their components.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure you have a clean, welllit workspace.
- Gather all necessary tools for installation, including the included mounting pin.

### 2. Installation Steps

- Ensure the firearm is completely unloaded.
- Remove the existing trigger pin spring and mainspring from your Ruger MKI, MKII, MKIII, or 22/45.
- Using the mounting pin provided, install the reduced power mainspring according to the following steps:
  - Align the mainspring with the designated area on the firearm.
  - Insert the mounting pin to secure the mainspring in place.
  - Replace the trigger pin spring in its designated location.
- Doublecheck all components to ensure they are securely installed.

### 3. Usage Guidelines

- After installation, test the firearm in a safe environment to ensure proper functionality.
- If you notice any irregularities or issues during use, stop immediately and consult a qualified gunsmith.

## Disposal Instructions

- Dispose of any old or unused components in accordance with local regulations.
- Do not dispose of components in regular household waste; check for designated disposal facilities for hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the installation or use of the Spring Kit, please consult with a qualified gunsmith or refer to the manufacturer's official support resources.

Thank you for prioritizing safety and compliance while using the Volquartsen Reduced Power Trigger Plunger and Mainspring Kit. Your attention to these guidelines helps ensure a safe experience for all users.
