## Volquartsen Spring-Loaded Magazine Ejector for Ruger MKIII 22/45 and Scorpion

Our spring-loaded magazine ejector for the Ruger MKIII 22/45 and Scorpion with 1911-style frame improves the ejection of the factory magazine. The unique design uses spring pressure to powerfully remove the magazine from the grip frame. This innovative design not only aids magazine removal, but also adds an extension to the bottom of the magazine, making magazine changes fast and reliable.

### Features:

- **Material:** CNC machined from billet aluminum, hard black anodized
- **Additional components:** CNC machined stainless steel button for increased durability
- **Function:** Spring pressure for powerful magazine removal, extension for fast and reliable magazine change
- **Installation:** Simply remove the magazine base of a factory 22/45 magazine and replace it with this ejector
- **Compatibility:** Fits Ruger MKIII 22/45 and Scorpion with 1911-style frame

# SpringLoaded Magazine Ejector Safety Instructions

## Introduction

Thank you for choosing the Volquartsen SpringLoaded Magazine Ejector for your Ruger MKIII 22/45 and Scorpion. This product is designed to enhance the performance and safety of your firearm by improving magazine ejection. Please read this safety instruction guide carefully to ensure safe and effective use.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm and ammunition in a secure location, out of reach of children.
- Ensure that you are familiar with local laws and regulations regarding firearms and their accessories.
- Regularly inspect your firearm and accessories for wear or damage.
- Follow all manufacturer instructions for your firearm and its components.

## Specific Safety Precautions for Use

- The SpringLoaded Magazine Ejector is designed for use with the Ruger MKIII 22/45 and Scorpion only. Do not attempt to use it with other models.
- Ensure that the firearm is unloaded before installation or maintenance.
- Avoid using excessive force when installing or removing the magazine ejector to prevent damage.
- Do not modify the magazine ejector in any way, as this may compromise safety and performance.
- If you experience any issues with the magazine ejector, discontinue use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is completely unloaded.
- Gather the necessary tools for installation, including a screwdriver if required.

### 2. Installation:

- Remove the magazine base of the factory 22/45 magazine.
- Align the SpringLoaded Magazine Ejector with the magazine base.
- Replace the magazine base with the ejector, ensuring it is securely attached.

### 3. Usage:

- To eject the magazine, apply firm pressure to the ejector button.
- The springloaded mechanism will assist in removing the magazine from the grip frame.
- Practice using the ejector in a safe environment to become familiar with its operation.

### 4. PostUse:

- After use, clean the magazine ejector and inspect for any signs of wear or damage.
- Store the ejector in a secure location when not in use.

## **Disposal Instructions**

When disposing of the SpringLoaded Magazine Ejector, follow these guidelines: \* Do not dispose of the product in regular household waste. \* Check local regulations for proper disposal methods of metal and plastic components. \* If the product is damaged or no longer usable, consider recycling materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the SpringLoaded Magazine Ejector, please consult the manufacturer's website or contact their customer service department. Ensure you have your purchase information ready for reference.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your Volquartsen SpringLoaded Magazine Ejector. Thank you for your attention to safety.
