Volquartsen Forward Blow Compensator

Our Forward Blow Compensator helps with both muzzle rise reduction and noise control by directing the noise through the precision machined ports, which are angled in a forward direction, towards the muzzle end of the gun rather than back towards the shooter.

Features:

- **Muzzle Rise Control:** Effectively reduces muzzle rise to improve shooting accuracy.
- **Noise Control:** Directs noise forward and away from the shooter to reduce noise pollution.
- **Design:** Precision machined ports angled in a forward direction.
- **Thread:** 1/2 x 28 thread for easy and secure installation.
- **Origin:** Made in the USA.
- **Application:** Ideal for precision shooting and competition.

Attributes

- Name: [Forward Blow Comp, Black Anodized Aluminum, 1"](#)

Forward Blow Compensator Safety Instructions

Introduction

Thank you for choosing the Volquartsen Forward Blow Compensator. This product is designed to enhance your shooting experience by reducing muzzle rise and controlling noise. Please read this safety instruction guide carefully to ensure safe and proper use of the compensator.

General Safety Guidelines

- Ensure that all safety measures are followed when handling firearms and accessories.
- Always treat firearms as if they are loaded, even if you believe they are not.
- Keep the compensator and all firearm accessories out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe shooting environment.
- Regularly check for updates on product recalls and safety alerts on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Only use the Forward Blow Compensator with compatible firearms that meet the specified thread requirements (1/2 x 28).
- Always wear appropriate eye and ear protection when shooting.
- Do not modify or alter the compensator in any way.
- Ensure that the compensator is securely installed before use.
- Be cautious of potential hazards such as increased noise levels and muzzle blast direction.

Instructions for Installation and Usage

Installation

1. **Ensure Safety:** Before installing the compensator, ensure that the firearm is unloaded and pointed in a safe direction.
2. **Check Compatibility:** Verify that your firearm has a 1/2 x 28 thread.
3. **Clean the Threads:** Clean the muzzle threads of your firearm to remove any debris or residue.
4. **Install the Compensator:**
 - Align the compensator with the muzzle threads.
 - Screw the compensator onto the muzzle in a clockwise direction until secure.
 - Avoid overtightening, which may damage the threads.
5. **Final Check:** After installation, ensure that the compensator is securely attached and does not wobble.

Usage

- When firing, ensure that you are in a safe position and that the muzzle is pointed downrange.
- Be aware that the compensator directs noise forward; maintain a safe distance from others.
- After use, inspect the compensator for any signs of wear or damage.

Disposal Instructions

- Dispose of the compensator in accordance with local regulations regarding metal recycling.
- Do not dispose of the compensator in regular household waste.
- If the compensator is damaged or no longer functional, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Forward Blow Compensator, please refer to the manufacturer's contact details provided with your product packaging or visit the manufacturer's website for more information.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Volquartsen Forward Blow Compensator. Thank you for your attention to these important safety measures.
