Nova Scope Rings, Stainless, Black, 30mm, Low

These scope rings offer maximum accuracy and stability. They are CNC machined to exact tolerances so no lapping is required. The top half of the ring is secured by four 8-40 Torx screws. A 1/4-20 cross bolt allows for quick disassembly and a consistent return to zero. The Nova Rings are ideal for mounting any scope on a high recoiling rifle.

- **Material:** Stainless steel
- **Color:** Black
- **Scope tube diameter:** 30mm
- **Ring height:** Low
- **Locking:** Four 8-40 Torx screws (top half), 1/4-20 cross bolt for quick disassembly and consistent return to zero
- **Range of use:** Suitable for high recoil rifles

Nova Scope Rings Safety Instruction Guide

Introduction

Thank you for choosing the Nova Scope Rings. These highquality stainless steel scope rings are designed for maximum accuracy and stability when mounting scopes on high recoiling rifles. This guide provides essential safety instructions to ensure safe use, installation, and disposal of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

To ensure your safety and the proper functioning of the Nova Scope Rings, please follow these general safety guidelines:

- Always inspect the scope rings for any signs of damage or wear before use.
- Ensure that the scope rings are compatible with your specific scope and rifle model.
- Do not exceed the manufacturer's recommended specifications for scope weight and rifle recoil.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product incidents or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

Before using the Nova Scope Rings, please observe the following safety precautions:

- Ensure that the scope is securely mounted in the rings before using the rifle.
- Always tighten the four 840 Torx screws and the 1/420 cross bolt properly to avoid any accidental disassembly during use.
- Use appropriate tools when installing and adjusting the scope rings to prevent injury.
- Avoid using the scope rings in extreme weather conditions that may affect their performance.
- Do not attempt to modify or alter the scope rings in any way, as this may compromise safety and functionality.
- If you experience any issues with the scope rings, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

Follow these instructions carefully to ensure proper installation and usage of the Nova Scope Rings:

1. Preparation:

- Gather all necessary tools: a set of Torx screwdrivers, a torque wrench, and a clean workspace.
- Ensure that the rifle is unloaded and pointed in a safe direction.

2. Installation:

- Place the scope rings on the rifle's scope base.
- Align the scope tube with the rings and insert it into the rings.
- Secure the top half of the rings by tightening the four 840 Torx screws evenly. Use a torque wrench to apply the recommended torque settings.
- Tighten the 1/420 cross bolt to secure the rings in place. Check for any movement or looseness.

3. Usage:

- Once installed, check the alignment of the scope. Adjust as necessary to ensure proper sighting.
- After confirming that the scope is secure and properly aligned, you may proceed to use the rifle.

4. PostUsage:

- After use, inspect the scope rings for any signs of wear or damage.
- Store the rifle and scope rings in a safe, dry place when not in use.

Disposal Instructions

When the Nova Scope Rings reach the end of their life cycle or are no longer usable, please follow these disposal instructions:

- Dispose of the product in accordance with local regulations for metal recycling.
- Do not dispose of the scope rings in regular household waste.
- If unsure about disposal methods, contact local waste management authorities for guidance.

Contact Information for Further Support

For any questions or concerns regarding the Nova Scope Rings, please refer to the contact information provided by the manufacturer. It is essential to seek assistance if you encounter any issues during installation, usage, or disposal.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your Nova Scope Rings responsibly!
