Magazine Base Pad for Rex Zero 1, Rex Alpha, Speed Line

The Speed Line Base Pads are designed for optimal handling characteristics in dynamic shooting sports.

The Base Pad for Rex Zero1 or Rex Alpha does this best; improve magazine handling speed and precision of your Rex pistol.

It also adds +1 round to increase the magazine capacity from 18 to 19 using the stock magazine springs, but the superb handling and grip is what truly makes this base pad a worthwhile upgrade.

The bottom of this plate is flat with a special gripping tape for excellent grip and longer lifespan since the bottom of the magazine usually takes the most damage when dropped in dynamic sports such as IPSC.

Precise cuts and grooves are machined across 3 sides to aid in the fastest and most precise reloads with one hand. All these details contribute to a very solid grip.

No other modifications nor any special tools are required for installation. The base pad joins to the magazine with a tight fit.
True tool-less disassembly.

Made from aircraft grade, 7075 aluminium.
Anodised for maximum protection in black, silver, red, blue or gold color.

Safety Instruction Guide for Magazine Base Pad for Rex Zero 1, Rex Alpha, Speed Line

Introduction

Thank you for choosing the Magazine Base Pad for Rex Zero 1, Rex Alpha, Speed Line. This product is designed to enhance your shooting experience by improving magazine handling and increasing capacity. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure safe use of the Magazine Base Pad by following these guidelines:
 - Always handle firearms and accessories with care and adhere to local laws and regulations.
 - Use the product only as intended and follow the manufacturer's instructions.
 - Regularly inspect the Magazine Base Pad for any signs of wear or damage before use.
 - Keep the product out of reach of children and unauthorized users.
 - Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- When using the Magazine Base Pad:
 - Always ensure that the firearm is unloaded before attaching or detaching the base pad.
 - Avoid using the product in extreme conditions that may affect its performance, such as excessive heat or moisture.
 - Do not attempt to modify or alter the base pad in any way.
 - Be aware of your surroundings and ensure a safe shooting environment.
 - Use appropriate eye and ear protection while shooting.

Instructions for Installation and Usage

- To install the Magazine Base Pad:
 1. Ensure that the magazine is unloaded and free of ammunition.
 2. Align the base pad with the bottom of the magazine.
 3. Press the base pad onto the magazine until it fits snugly.
 4. Verify that the base pad is securely attached before use.
- To use the Magazine Base Pad:
 - Load the magazine with ammunition, taking care not to exceed the increased capacity.
 - Practice reloading techniques to familiarize yourself with the improved handling characteristics.
 - Regularly check the integrity of the base pad during use, especially after dropping or impacting the magazine.

Disposal Instructions

- When disposing of the Magazine Base Pad:
 - Follow local regulations for disposal of aluminum products.
 - Do not dispose of the product in regular household waste.
 - Consider recycling the product to minimize environmental impact.

Contact Information for Further Support

- For any questions or concerns regarding the Magazine Base Pad, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety instructions. Enjoy your enhanced shooting experience with the Magazine Base Pad for Rex Zero 1, Rex Alpha, Speed Line.
