Vanward Felt - High-Quality 3D-Printed Titanium Suppressor

Weighing just 171 g*, the Vanward Felt is a lightweight yet highly durable suppressor, evolved from TE-Titan's advanced 3D-printed designs. Optimized baffle spacing enhances pressure equalization, while the hexagonal exterior boosts stability and surface cooling.

Constructed in one piece from Grade 5 Titanium with no loose parts for maximum safety. The threaded section is made from stainless steel. Titanium resists water, salts, and gun gases while preventing powder buildup better than aluminum or steel.

Specifications:

- Weight: 171 g*
- Material: Grade 5 Titanium, Stainless Steel Thread
- Calibers: .30
- Features: Integrated cooling fins, durable, corrosion-resistant

Attributes

- Name: [Vanward Felt - Surpressor M18X1 H6 - .30 - Titanium](#)
- Manufacturer: [Vanward](#)

Vanward Felt Suppressor Safety Instruction Guide

Introduction

Thank you for choosing the Vanward Felt Suppressor. This lightweight and durable suppressor is designed to enhance your shooting experience while ensuring safety and compliance with EU regulations. Please read this safety instruction guide carefully to ensure proper use and maintenance of the product.

General Safety Guidelines

- Always handle the suppressor with care and follow all safety instructions provided.
- Ensure that the suppressor is compatible with your firearm's caliber before use.
- Store the suppressor in a secure location, away from children and unauthorized users.
- Regularly inspect the suppressor for any signs of damage or wear.
- If you notice any issues, discontinue use immediately and seek professional assistance.
- Be aware of local laws and regulations regarding suppressors and their use.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or removing the suppressor.
- Always wear appropriate hearing protection when using firearms equipped with a suppressor.
- Do not attempt to modify or disassemble the suppressor.
- Avoid exposing the suppressor to extreme temperatures or harsh chemicals.
- Do not use the suppressor with ammunition that exceeds the specified caliber.
- Be cautious of the suppressor's temperature after firing; it may become hot and cause burns.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded.
- Clean the threaded section of the firearm to remove any debris.
- Align the suppressor's threads with the firearm's threaded muzzle.
- Handtighten the suppressor onto the firearm until secure. Do not overtighten.
- Check that the suppressor is properly aligned and securely attached before use.

2. Usage:

- Always follow the manufacturer's instructions for your firearm when using the suppressor.
- Maintain a safe shooting distance from others while using the firearm with the suppressor.
- Monitor the suppressor for any unusual sounds or performance issues during use.

3. PostUse Care:

- Allow the suppressor to cool down before handling.
- Clean the suppressor according to the manufacturer's guidelines to prevent buildup of residues.
- Store the suppressor in a dry, cool place when not in use.

Disposal Instructions

- Dispose of the suppressor in accordance with local regulations regarding metal and electronic waste.
- If the suppressor is damaged beyond repair, contact a professional for safe disposal options.

Contact Information for Further Support

For any questions or concerns regarding the Vanward Felt Suppressor, please reach out to the appropriate contact point as specified by the manufacturer.

By following these safety instructions, you can ensure safe and effective use of your Vanward Felt Suppressor. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
