

# DAA Magnetic Collars for Primer Tube 4-Pack

[Reloading](#) > [Case Preparation](#)

Product: DAA PRIMER-PRO Magnetic Collar Set

Brief Description: The DAA PRIMER-PRO comes equipped with a magnetic collar designed for use with your Dillon primer tube. 

While the PRIMER-PRO can fill a primer tube faster than you can use them, some reloaders prefer to pre-fill multiple tubes before starting their reloading session. This eliminates the need to go back and forth to their PRIMER-PRO unit while reloading. For those users, we offer a set of 4 additional Magnetic Collars designed for use on Dillon Pickup tubes in conjunction with the PRIMER-PRO primer collator.

The set includes 4 polymer collars with secure magnets and set screws.

Primer tubes are NOT included.

## Attributes

# DAA Magnetic Collars for Primer Tube 4Pack

## Safety Instruction Guide

### Introduction

Thank you for choosing the DAA Magnetic Collars for Primer Tube 4Pack. This product is designed to enhance your reloading experience by providing secure and efficient use with Dillon primer tubes. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

### General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the magnetic collars for wear or damage before each use.
- Do not use the product if any part is damaged or broken.
- Store the product in a dry, cool place away from direct sunlight.
- Report any unsafe conditions or incidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Ensure that the magnetic collars are properly attached to the Dillon primer tubes before use.
- Avoid placing fingers near the magnets when attaching or detaching the collars to prevent pinching.
- Do not overload the primer tubes; follow the recommended capacity to avoid spills or accidents.
- Use the product only for its intended purpose; do not modify or alter the collars in any way.
- If using in a workshop or reloading area, ensure the environment is clean and free from distractions.

### Instructions for Installation and Usage

#### 1. Installation of Magnetic Collars:

- Take one magnetic collar from the set.
- Align the collar with the top of the Dillon primer tube.
- Press firmly to ensure the collar is securely attached.
- Use the provided set screws to further secure the collar if necessary.

#### 2. Using the DAA PRIMERPRO with Magnetic Collars:

- Place the filled primer tube, equipped with the magnetic collar, into the DAA PRIMERPRO unit.
- Ensure that the collar is properly seated and that the tube is stable within the unit.
- Follow the operating instructions for the DAA PRIMERPRO to begin the reloading process.

#### 3. Removing Magnetic Collars:

- Gently twist and pull the collar away from the primer tube.
- Ensure that no part of your body is near the magnets during removal to avoid injury.
- Store the collars in a safe location when not in use.

### Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling the polymer materials where applicable.
- Do not dispose of the product in regular household waste if it can be recycled.

## **Contact Information for Further Support**

For any inquiries regarding the safety and use of the DAA Magnetic Collars for Primer Tube 4Pack, please contact the manufacturer directly through their official channels. Ensure you have the product details handy for a more efficient response.

By following these safety instructions, you can ensure a safe and effective reloading experience with your DAA Magnetic Collars for Primer Tube 4Pack. Thank you for your attention to safety, and happy reloading!
