

DAA Primer Pickup Tubes, 5-Pack

[Reloading](#) > [Priming Tools](#)

Product: DAA Primer Pickup Tubes

Brief Description: Crafted from high-quality aluminum using custom extrusion tools, the DAA Primer Pickup Tubes are precision-controlled for accuracy and finish. The matte anodizing allows for immediate identification of primer size, with blue anodized pipe and end pieces for LARGE Primers and red for SMALL.

Key Features:

- Ergonomically shaped Pick-up end for enhanced comfort and reduced hand fatigue.
- Wider finger-support area with a smooth support ring for comfortable gripping.
- Redesigned tip with two "teeth" for improved horizontal primer pickup.
- Carefully designed deep slots for optimal flexibility and secure primer grip.
- Translucent Pickup and Drop ends for easy monitoring of primer movement.
- Secure fit of end pieces on the tubes to prevent accidental detachment.

Conclusion: The DAA Primer Pickup Tubes not only ensure precise and efficient primer feeding but also provide ergonomic comfort, especially during extended loading sessions. With carefully designed end pieces, translucency for easy monitoring, and a secure fit, they stand out as an excellent choice for any reloader.

DAA Primer Pickup Tubes Safety Instruction Guide

Introduction

Thank you for choosing the DAA Primer Pickup Tubes, 5Pack. This guide provides essential safety instructions and usage guidelines to ensure your safety and the effective operation of the product. Please read this guide carefully before using the DAA Primer Pickup Tubes.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the DAA Primer Pickup Tubes out of reach of children and vulnerable individuals.
- Regularly inspect the tubes for any signs of damage or wear. Do not use damaged products.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always handle the tubes with care to avoid injury.
- Use the tubes in a welllit area to ensure visibility during operation.
- Wear appropriate eye protection when using the tubes to prevent accidents.
- Avoid using excessive force when picking up primers to prevent damage to the tubes.
- Ensure that the tubes are securely fitted before use to prevent accidental detachment.

Instructions for Installation and Usage

1. Preparation

- Inspect the DAA Primer Pickup Tubes for any visible damage.
- Ensure that your work area is clean and free from obstructions.

2. Using the Tubes

- Identify the correct tube for your primer size (blue for LARGE Primers, red for SMALL Primers).
- Hold the tube by the ergonomically shaped pickup end.
- Position the tube over the primer tray and gently lower the pickup end until it contacts the primers.
- Allow the specially designed tip to engage with the primer and lift it securely.
- For horizontal primer pickup, ensure the two "teeth" on the tip are properly aligned with the primer.

3. Monitoring Primer Movement

- Use the translucent pickup and drop ends to visually monitor the movement of primers during operation.
- If you notice any obstruction or difficulty in primer movement, stop using the tube immediately and inspect for issues.

4. Finishing Up

- Once you have completed your primer loading, carefully return the tubes to a safe storage location.
- Clean the tubes as necessary to maintain their functionality and appearance.

Disposal Instructions

- Dispose of the DAA Primer Pickup Tubes in accordance with local regulations.
- Do not dispose of the tubes in regular household waste if they are damaged; refer to local electronic waste disposal guidelines.

Contact Information for Further Support

For any safety inquiries or support related to the DAA Primer Pickup Tubes, please refer to the contact information provided by the manufacturer, DAA Double Alpha Academy. Ensure that you have the product details available for reference.

By following these safety instructions and guidelines, you can ensure a safer experience while using the DAA Primer Pickup Tubes. Thank you for your attention to safety and for choosing our product.
