Safety Instruction Guide for DAA Mini Mr. BulletFeeder 6Tube Magazine Assembly

Introduction

Thank you for choosing the DAA Mini Mr. BulletFeeder 6Tube Magazine Assembly. This guide provides important safety instructions and usage guidelines to ensure safe operation and optimal performance of your product. Please read this document carefully before using the assembly.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Always keep the assembly out of reach of children and vulnerable individuals.
- Inspect the product for any signs of damage or wear before use. Do not use if damaged.
- Use only with compatible DAA Mini Mr. BulletFeeder equipment to prevent malfunction or injury.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check the EU's Safety Gate platform for updates regarding recalls or safety notices.

Specific Safety Precautions for Use

- Do not overload the magazine assembly beyond the recommended capacity of 100 bullets.
- Always keep the assembly upright during use to prevent bullets from tipping out of the top holes.
- Align the hole in the base with the tube containing the retention pin when filling all 6 tubes.
- Remove the retention pin only when placing the assembly on top of the dropper die assembly.
- Avoid using the assembly in damp or wet conditions to prevent corrosion or malfunction.
- Follow all local regulations and guidelines regarding the handling and storage of ammunition components.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and free of distractions.
- Gather all necessary components, including the DAA Mini Mr. BulletFeeder and the 6Tube Magazine Assembly.

2. Filling the Magazine:

- Hold the assembly upright.
- Align the hole in the base with the tube that contains the retention pin.
- Carefully fill each of the 6 tubes with bullets, ensuring not to exceed the 100 bullet capacity.
- Ensure that bullets are seated properly within the tubes.

3. Installing the Assembly:

- Once filled, remove the retention pin carefully.
- Place the assembly on top of the dropper die assembly of the Mini Mr. BulletFeeder.
- Ensure that the assembly is securely in place before beginning the reloading process.

4. Using the BulletFeeder:

- Follow the operating instructions for the Mini Mr. BulletFeeder to begin reloading.
- Monitor the assembly during operation to ensure proper function and that bullets are feeding

correctly.

5. PostUse:

- After use, clean the assembly to remove any debris or residue.
- Store the assembly in a cool, dry place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and nonfood product disposal.
- Do not dispose of the assembly with regular household waste.
- Consider recycling options for any components that are recyclable.

Contact Information for Further Support

For inquiries regarding safety, usage, or support for the DAA Mini Mr. BulletFeeder 6Tube Magazine Assembly, please refer to the manufacturer's official contact points.

Thank you for prioritizing safety and following these guidelines. Enjoy your reloading experience with the DAA Mini Mr. BulletFeeder!
