

# **DAA Magnet with M5 screw for Alpha-Xi/X and Race Master pouch - 1**

[Shooting Accessories](#) > [Holsters & Belt Gear](#) > [Magazine Belt Pouches](#)

## **Product: DAA Super-Strong Magnets**

**Short Description:** Meet the demand! Now available separately, the DAA Super-Strong Magnets are designed for mounting on DAA Alpha-Xi, Alpha-X, or Race Master pouches, providing an incredible pull strength of approximately 87kg.

### **Features:**

- Zinc plated magnets with strong pull strength
- Diameter: Almost 50mm, Thickness: 12mm (including casing)
- Suitable for use on Alpha-Xi, Alpha-X, or Race Master pouches

### **How to Fit on Alpha-Xi / Alpha-X / Race Master Pouch:**

1. Locate the 4.2mm hole in the front of the pouch.
2. Use an M5 Tap to carefully and slowly tap (thread) this hole for precise threading.
3. Screw the magnet directly onto the front of the leading pouch.
4. Use a small amount of LockTite on the screw to prevent it from loosening.

*Note: Don't worry if the tip of the screw protrudes slightly into the pouch body; the magazine won't reach down far enough to hit it.*

### **Attributes**

- Name: [DAA Magnet with M5 screw for Alpha-Xi/X and Race Master pouch - 1](#)
- Manufacturer: [DAA Double Alpha Academy](#)
- Product no.: BRD523017

# DAA Magnet with M5 Screw for AlphaXi/X and Race Master Pouch Safety Instructions

## Introduction

Thank you for choosing the DAA Magnet with M5 screw for AlphaXi/X and Race Master pouch. This product is designed to enhance your shooting experience by providing a superstrong magnetic attachment. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the product is used only as intended.
- Always inspect the product before use for any signs of damage.
- Keep the product out of reach of children and vulnerable individuals.
- If you notice any defects or malfunctions, discontinue use immediately and contact support.
- Be aware of your surroundings when using the product to avoid accidents.

## Specific Safety Precautions for Use

- The magnet has a strong pull strength of approximately 87kg. Handle with care to avoid pinching fingers or other body parts.
- Ensure that the magnet is securely attached to the pouch before use to prevent it from detaching during operation.
- Avoid placing the magnet near electronic devices or magnetic storage media, as it may cause damage.
- Do not use the product in wet or damp conditions to avoid corrosion.
- Always use LockTite on the screw to ensure that the magnet remains securely fastened.

## Instructions for Installation and Usage

1. **Locate the 4.2mm hole** in the front of the pouch.
2. **Tap the hole**: Use an M5 Tap to carefully and slowly thread this hole for precise threading.
3. **Attach the magnet**: Screw the magnet directly onto the front of the leading pouch.
4. **Secure the screw**: Use a small amount of LockTite on the screw to prevent it from loosening.
5. **Check for protrusion**: It is normal for the tip of the screw to protrude slightly into the pouch body. The magazine will not reach down far enough to hit it.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste.
- Do not dispose of the product in regular household waste.
- Remove any batteries (if applicable) and dispose of them separately according to local guidelines.

## Contact Information for Further Support

For any safety inquiries or concerns about this product, please reach out to the manufacturer's customer support. Ensure you have the product details ready for efficient assistance.

Thank you for your attention to these safety instructions. Enjoy your DAA Magnet with M5 screw for AlphaXi/X and Race Master pouch safely and responsibly.
