

# DAA Flex Holster Right Hand color Inlays - Black

[Shooting Accessories](#) > [Holsters & Belt Gear](#) > [Holster Accessories](#)

## Product: Laser-Cut Logo Inlays for Right Hand Flex Holster

**Short Description:** These laser-cut plastic logo inlays are designed for the Right Hand Flex Holster body. Equipped with 3M tape on the back, they allow for easy installation. Note that there is a transparent protective film on the colored side that you may want to peel off for the best appearance. It is possible to remove the color inlays and swap them for a new color when desired. However, be aware that the old color inlay may break when being removed.

### Key Features:

- Laser-cut plastic logo inlays
- 3M tape for easy installation
- Transparent protective film on the colored side
- Replaceable for different color options
- Designed for the Right Hand Flex Holster body

**Note:** These inlays provide a means for users to customize and personalize the Right Hand Flex Holster according to their preferences.

# DAA Flex Holster Right Hand Color Inlays Safety Instructions

## Introduction

Thank you for choosing the DAA Flex Holster Right Hand Color Inlays. This product is designed to enhance the appearance of your Right Hand Flex Holster while ensuring safety and ease of use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children to prevent accidental ingestion or injury.
- Regularly inspect the inlays for any signs of damage or wear. Replace if necessary.
- Always follow the installation instructions to avoid damaging the product or the holster.
- In the event of an emergency or accident involving the product, report it to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not attempt to use the inlays if they are damaged or broken.
- Be cautious when removing or replacing the inlays, as they may break during the process.
- Avoid exposing the inlays to extreme temperatures or harsh chemicals, as this may affect their integrity.
- Ensure that the protective film on the colored side is removed before use for the best appearance.
- If you experience any allergic reactions to the materials, discontinue use immediately and consult a medical professional.

## Instructions for Installation and Usage

### 1. Preparation

- Clean the surface of the Right Hand Flex Holster where the inlays will be applied.
- Ensure the area is dry and free from dust or debris.

### 2. Installation

- Carefully peel off the backing of the 3M tape on the back of the inlay.
- Align the inlay with the designated area on the holster.
- Firmly press the inlay onto the holster to ensure a secure bond.
- If necessary, peel off the transparent protective film from the colored side for optimal appearance.

### 3. Replacement

- To remove the inlay, gently peel it off from one corner.
- Be cautious as the inlay may break during removal.
- If replacing with a new color, follow the installation instructions above.

## Disposal Instructions

- Dispose of any damaged or broken inlays in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste. Instead, consider recycling if applicable.

## **Contact Information for Further Support**

For any safety inquiries, concerns, or product issues, please refer to the appropriate contact point provided by the manufacturer. Always ensure that you have the product details ready for any inquiries.

By following these safety instructions, you can ensure the safe use and longevity of your DAA Flex Holster Right Hand Color Inlays. Thank you for your attention to safety.
