

# DAA Mr.Bulletfeeder Gen. 2 Pistol 9MM / 38 SUPER

[Reloading](#) > [Bullets](#)

## Product: Mr. BulletFeeder by DAA Gen-2

**Brief Description:** The Mr. BulletFeeder by DAA Gen-2 represents a significant evolution from the original Mr. Bulletfeeder, a product meticulously developed and distributed by DAA for over a decade. With extensive experience and invaluable customer feedback accumulated during this extended period, we embarked on a journey to enhance the design and features of this exceptional bullet feeder, aiming to elevate its performance to even greater heights.

### Key Features:

#### 1. Redesigned Injection-Molded Side Wall:

- Translucent window for viewing the bullet count within the collator from below.
- One-handed operable window for easy emptying during caliber changes.
- New material for reduced operational noise.

#### 2. Lightweight Injection-Molded Collator Plate:

- Improves bullet feeding and reduces weight.
- Central tab for easy removal during caliber changes.

#### 3. Pre-Set Nose Guides:

- Allows depth and position adjustments without spacer shims.
- Effortless nose guide replacement for easy caliber changes.

#### 4. Redesigned Flip-Ramp:

- Wider and incorporating gradual angle changes.
- No need for ramp position adjustments when switching between bullet types or calibers.

#### 5. Bayonet-Type Connector for Output Tube Assembly:

- Quick and tool-free removal.
- Ensures the debris slot consistently remains at the bottom.

#### 6. Angle Indicator Plate:

- Provides users with a clear reference point to consistently set the collator at their desired angle.

#### 7. Additional Improvements:

- Larger debris slot beneath the disc.
- Rubber pads to safeguard the case feeder's side.
- Enhanced connector clamp for the output spring.
- Inclusion of a latch to facilitate the manipulation of the dislodge arm during disc removal or insertion.

**Note:** The expanding powder funnel supplied with the pistol caliber bullet feeders is for Dillon reloading machines only. Not compatible with other brands. To use with the LnL press, you will need to purchase their expanding powder funnel separately. For rifle calibers, no expanding powder funnel is included.

**US Patents:** US 7,497,155 B2 and US 8,661,959 B2

## Attributes

- Name: [DAA Mr.Bulletfeeder Gen. 2 Pistol 9MM / 38 SUPER](#)
- Manufacturer: [DAA Double Alpha Academy](#)
- Product no.: BRD523022
- Mfr. No.:
- Caliber: 38 Caliber, 9mm
- Delivery weight: 10kg

# Safety Instruction Guide for DAA Mr. BulletFeeder Gen. 2

## Introduction

Thank you for choosing the DAA Mr. BulletFeeder Gen. 2 for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully to understand how to operate the bullet feeder safely and responsibly.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the Mr. BulletFeeder by following the instructions provided. This product is intended for nonfood use only.
- **Enhanced Recalls:** Stay informed about any recall notices related to the product. If you receive a recall notice, follow the instructions provided for remedy.
- **Online Shopping:** If purchased online, ensure that the retailer meets all safety requirements as mandated by EU regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Keep updated on any safety alerts regarding the product through the EU Safety Gate system.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of injury from moving parts: Keep hands and loose clothing away from the feeding mechanism during operation.
  - Risk of malfunction: Do not attempt to modify or repair the bullet feeder without professional assistance.
  - Risk of contamination: Ensure the workspace is clean to avoid contaminants in the reloading process.
- **Avoiding Hazards:**
  - Always wear appropriate eye protection when using the bullet feeder.
  - Ensure that the bullet feeder is placed on a stable surface to prevent tipping or falling.
  - Do not overload the collator or exceed the recommended capacity to avoid jams or malfunctions.
- **AgeSpecific Warnings:**
  - This product is designed for adult use only. Keep it away from children and unauthorized users.

## Instructions for Installation and Usage

### 1. Installation:

- Unpack the DAA Mr. BulletFeeder Gen. 2 and check for any visible damage.
- Place the bullet feeder on a stable, flat surface.
- Attach the output tube assembly using the bayonettype connector. Ensure it is securely fastened.

- Adjust the angle indicator plate to your desired setting for optimal operation.

## **2. Usage:**

- Load the collator with the appropriate bullets for your caliber (9MM / 38 SUPER).
- Ensure the collator plate is properly positioned and secured.
- Operate the onehanded window to empty the collator during caliber changes as needed.
- Monitor the bullet count through the translucent window to avoid running out of bullets during operation.
- When changing calibers, use the preset nose guides for quick adjustments.

## **3. Maintenance:**

- Regularly check the bullet feeder for debris and clean as necessary.
- Inspect the rubber pads and connector clamps for wear and replace if needed.
- Store the bullet feeder in a dry, clean environment when not in use.

## **Disposal Instructions**

- Dispose of the DAA Mr. BulletFeeder Gen. 2 in accordance with local regulations.
- Do not dispose of the product in general waste. Check for recycling options available in your area.
- If the product is no longer functional, consider contacting local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any questions or support regarding the DAA Mr. BulletFeeder Gen. 2, please refer to the designated EU contact point associated with this product. Ensure to keep this manual for future reference.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your reloading experience with the DAA Mr. BulletFeeder Gen. 2!
