

# DAA Mr.Bulletfeeder - Gen 1 Pistol - 38 Caliber, 9mm

[Reloading](#) > [Bullets](#)

**Product: Mr. BulletFeeder by DAA - 9mm/38 Super**

**Overview:** DAA, in collaboration with RAK Systems, proudly presents the new Mr. Bulletfeeder®, now manufactured by Double-Alpha Academy. This innovative bullet feeding system, a result of meticulous redesign and retooling, offers a more refined and professional appearance. The partnership with RAK Systems has allowed for a more cost-effective production, making this advanced reloading accessory more accessible to serious shooters.

## Key Features:

### 1. Lighter and More Compact:

- Redesigned for a lighter weight and a more compact form.
- Easier to install and set up.

### 2. Patent-Pending Dropper System:

- New dropper design eliminates the need for springs or small plastic parts.
- Operates solely on gravity and a clever geometric design.
- Enhanced functionality and durability.

### 3. Professional Look and Feel:

- Improved aesthetics for a more refined appearance.
- Quality construction for a professional-grade reloading experience.

### 4. Affordable Price:

- More cost-effective, making it accessible to a broader audience.

### 5. Caliber Options:

- Available in 9mm/38 Super, 40SW/10mm, .45.
- Also available for rifle calibers .223 and .308.

### 6. Powder Funnel Compatibility:

- The expanding powder funnel supplied is for Dillon reloading machines only.
- Not compatible with other brands. For use with the LNL press, a separate expanding powder funnel is required.

## Benefits:

- Efficient and reliable bullet feeding system.
- Cuts reloading time and effort in half.
- Must-have for serious shooters and reloaders.

The new Mr. Bulletfeeder by DAA is a testament to continuous innovation, offering an upgraded reloading experience for both novices and seasoned

enthusiasts.

# Safety Instruction Guide for DAA Mr. Bulletfeeder Gen 1 Pistol 38 Caliber, 9mm

## Introduction

Thank you for choosing the DAA Mr. Bulletfeeder Gen 1 Pistol 38 Caliber, 9mm. This innovative product is designed to enhance your reloading experience while ensuring safety and efficiency. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always use the Mr. Bulletfeeder in accordance with the manufacturer's instructions.
- Ensure that the product is used in a wellventilated area to avoid inhalation of any dust or particles.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not attempt to modify the Mr. Bulletfeeder in any way.
- Ensure that you are wearing appropriate safety gear, including eye protection, while using the product.
- Avoid using the product if you are under the influence of drugs or alcohol.
- Be cautious of moving parts during operation to prevent injury.
- Only use the product with compatible calibers as specified in the product description.

## Instructions for Installation and Usage

### Installation

- Unpack the Product:** Carefully remove the Mr. Bulletfeeder from its packaging.
- Check Components:** Ensure all components are included and undamaged.
- Set Up the Bulletfeeder:**
  - Attach the Bulletfeeder to your reloading press as per the manufacturer's instructions.
  - Ensure it is securely fastened and stable.
- Install the Powder Funnel:** Use the expanding powder funnel supplied, compatible only with Dillon reloading machines. For use with the LnL press, obtain a separate funnel.

### Usage

- Loading Bullets:**
  - Load the bullets into the feeder according to the instructions provided.
  - Ensure that the bullets are properly seated and aligned.
- Operating the Bulletfeeder:**
  - Activate the reloading press to start the bullet feeding process.
  - Monitor the operation closely to ensure smooth functioning.
- Maintenance:**
  - Regularly clean the Bulletfeeder to prevent buildup of debris.
  - Inspect for any wear and replace parts as necessary.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and mechanical waste.

- Do not dispose of the product in household waste.
- Check with local authorities for designated disposal facilities.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please contact the appropriate EUbased contact point. Always refer to the manufacturer's website for the most current information and updates.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your DAA Mr. Bulletfeeder. Thank you for your attention to safety and for choosing our product.
