

# DAA Primer Pickup Tubes, 5-Pack - Large Rifle - Blau

[Reloading](#) > [Priming Tools](#)

Product: DAA Primer Pickup Tubes

Brief Description: Crafted from high-quality aluminum using custom extrusion tools, the DAA Primer Pickup Tubes are precision-controlled for accuracy and finish. The matte anodizing allows for immediate identification of primer size, with blue anodized pipe and end pieces for LARGE Primers and red for SMALL.

Key Features:

- Ergonomically shaped Pick-up end for enhanced comfort and reduced hand fatigue.
- Wider finger-support area with a smooth support ring for comfortable gripping.
- Redesigned tip with two "teeth" for improved horizontal primer pickup.
- Carefully designed deep slots for optimal flexibility and secure primer grip.
- Translucent Pickup and Drop ends for easy monitoring of primer movement.
- Secure fit of end pieces on the tubes to prevent accidental detachment.

Conclusion: The DAA Primer Pickup Tubes not only ensure precise and efficient primer feeding but also provide ergonomic comfort, especially during extended loading sessions. With carefully designed end pieces, translucency for easy monitoring, and a secure fit, they stand out as an excellent choice for any reloader.

# DAA Primer Pickup Tubes Safety Instructions

## Introduction

Thank you for choosing the DAA Primer Pickup Tubes, designed for safe and efficient primer handling during reloading activities. This guide provides essential safety information to ensure your safe use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the DAA Primer Pickup Tubes are used only for their intended purpose.
- Keep the tubes out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the tubes for any signs of damage or wear before each use.
- If you notice any defects or malfunction, discontinue use immediately and seek assistance.
- Always follow the manufacturer's instructions for safe handling and operation.

## Specific Safety Precautions for Use

- When using the tubes, maintain a clear workspace to avoid distractions and accidents.
- Use the tubes only with compatible primer sizes as indicated by the color coding (blue for LARGE Primers and red for SMALL).
- Avoid excessive force when picking up primers to prevent damage to the tubes or injury to yourself.
- Do not attempt to modify or repair the tubes, as this may compromise their safety and functionality.
- Store the tubes in a cool, dry place away from direct sunlight and extreme temperatures.

## Instructions for Installation and Usage

1. **Preparation:** Ensure your workspace is clean and organized. Gather all necessary materials for reloading.
2. **Loading Primers:**
  - Identify the correct tube for the primer size you are using (blue for LARGE, red for SMALL).
  - Align the tube's pickup end with the primer tray.
  - Gently insert the tube into the tray and allow the primers to fill the tube.
3. **Picking Up Primers:**
  - Hold the tube firmly at the grip area.
  - Use the ergonomically shaped pickup end to smoothly lift primers from the tray.
  - Ensure the primers are securely held before moving to the next step.
4. **Dropping Primers:**
  - Position the tube over the primer pocket of the case.
  - Gently press the tube to release the primers into the case.
  - Avoid sudden movements to prevent spillage.
5. **Cleaning and Maintenance:**
  - After use, clean the tubes with a soft cloth to remove any residue.
  - Store the tubes upright to maintain their shape and functionality.

## Disposal Instructions

- Dispose of the DAA Primer Pickup Tubes responsibly. Follow local regulations for recycling or disposal of aluminum materials.
- Do not dispose of the tubes in regular household waste if they are damaged or contain remnants of primers.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the DAA Primer Pickup Tubes, please refer to the manufacturer's contact information provided with your product packaging.

By adhering to these safety instructions, you can ensure a safe and effective reloading experience with the DAA Primer Pickup Tubes. Thank you for prioritizing safety in your reloading practices.
