

# Zerlegetool für Hausken JD 184 / 244 / 224 / 151 Schalldämpfer

[Shooting Accessories](#) > [Suppressor Accessories](#)

**The ideal tool for disassembling your 50mm Hausken silencer, at home as well as on the road.**

- No further tools required.
- If the screw connection is extremely tight, the disassembly tool can be clamped in a vice, so both hands are free to loosen the silencer.
- Developed in Germany, the disassembly tool is injection molded from highly stable glass fiber reinforced polymer as is commonly used in the manufacture of modern weapons / magazines, this guarantees the user a robust product with maximum reliability.

Info:

**Wrench size= 43mm for 50mm Hausken silencer.**

## Attributes

# Safety Instruction Guide for Zerlegetool für Hausken JD 184 / 244 / 224 / 151 Schalldämpfer

## Introduction

Thank you for choosing the Zerlegetool for your Hausken silencer. This guide provides essential safety instructions to ensure the safe and effective use of this tool. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the tool is used only for its intended purpose: disassembling Hausken silencers of 50mm diameter.
- Always inspect the tool for any visible damage before use. Do not use if damaged.
- Keep the tool out of reach of children and vulnerable individuals to prevent accidents.
- Use the tool in a wellventilated area to avoid inhalation of any dust or particles.
- Follow all safety precautions when using additional tools, such as a vice, to secure the disassembly tool.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the tool.
- If the screw connection is extremely tight, ensure the tool is securely clamped in a vice to prevent slipping.
- Avoid using excessive force when disassembling the silencer to prevent injury or damage to the tool and the silencer.
- Do not attempt to modify or repair the tool. If damaged, contact the manufacturer for replacement options.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including the Zerlegetool, a vice (if needed), and any additional tools required for your specific silencer model.
- Ensure the workspace is clean and organized to avoid accidents.

### 2. Using the Zerlegetool:

- Align the Zerlegetool with the silencer's screw connection.
- If the connection is tight, securely clamp the Zerlegetool in a vice, ensuring both hands are free to operate.
- Turn the tool counterclockwise to loosen the connection. Apply steady pressure without using excessive force.
- Once loosened, remove the silencer carefully from the firearm.

### 3. PostUse:

- Clean the tool after use to maintain its integrity and performance.
- Store the tool in a safe, dry place away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of the tool in accordance with local regulations regarding plastic and polymer materials.
- Do not dispose of the tool in general waste. Check for recycling options or designated disposal facilities in your area.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please contact the manufacturer directly. Ensure to have the product details on hand for efficient assistance.

Thank you for following these safety instructions. Safe usage of the Zerlegetool will ensure a successful disassembly process and prolong the life of your silencer.
