

# ZCO ZF 4-20X50 - FDE - MPCT 2X - ccw - 10 MIL - lock

## [Optics & Mounting](#) > [Electronic Sights](#)

The ZCO ZC420s offer unrivalled optical performance and mechanical precision in an ultra-compact design.

With a length of 325 mm and a weight of only 986 g, they are ideal for applications that require maximum performance in a small size. The low magnification allows a wide field of view for close-up procedures, while the mechanical system offers a height adjustment of 35 mils.

Outstanding optical performance includes clarity, light transmission and resolution that set new standards.

The total light transmission is 92% and colour rendition is excellent.

The ZC420 are available in black and FDE.

## Attributes

- Name: [ZCO ZF 4-20X50 - FDE - MPCT 2X - ccw - 10 MIL - lock](#)
- Manufacturer: [ZCO Zero Compromise Optics](#)
- Product no.: BRD730043
- Mfr. No.: ZCO4000587
- Color: FDE
- Magnification: 20x
- Min. Magnification: 4x
- Objective Size: 50mm
- Reticle: MPCT 2X
- Delivery weight: 5kg

# ZCO ZF 420X50 Safety Instruction Guide

## Introduction

Thank you for choosing the ZCO ZF 420X50. This guide provides essential safety instructions to ensure the safe use and handling of your optical device. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always handle the device with care to avoid damage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage before use.
- If you notice any defects or irregularities, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- **Optical Performance:** Avoid looking directly at the sun through the scope, as it can cause serious eye damage.
- **Weight Considerations:** Be mindful of the weight (986 g) when mounting or carrying the device to prevent strain or injury.
- **Height Adjustment:** When adjusting the height (35 mils), ensure the device is securely mounted to prevent accidental movement.
- **Magnification Use:** Use the low magnification setting (4x) for wide field of view during closeup procedures to maintain clarity and safety.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the mounting surface is stable and secure.
- Align the scope with the mounting rail and tighten screws to secure it in place.
- Adjust the height setting as needed for your specific use.

### 2. Usage:

- Start with the minimum magnification (4x) for a wider field of view.
- Gradually increase magnification up to the maximum (20x) as needed.
- Regularly clean the lenses with a soft, dry cloth to maintain clarity and performance.
- Store the device in a protective case when not in use to prevent damage.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Do not dispose of the product with regular household waste.
- Consider recycling options to minimize environmental impact.

## Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please reach out to the designated EU contact point for assistance.

Please ensure that you follow these safety instructions closely to maximize your experience with the ZCO ZF 420X50. Your safety is our priority.
