ZC527

The ZC527 from Zero Compromise Optic sets a new standard for precision binoculars and is considered the benchmark in its class.

Technical data:

- Length of 387mm (15.24 inches) and a weight of only 1075g (37.9 ounces) for a compact and lightweight design
- 35 mil elevation adjustment and 21 mil windage adjustment for precise and reliable adjustments
- Generous field of view of 7m / 100 metres (21ft/100yds) for a first-class view and target tracking
- Excellent light transmission and exceptional resolution for best optical performance
- Also available in FDE (flat dark earth finish) for added versatility and style options

Conclusion: The ZC527 from Zero Compromise Optic redefines the boundaries of precision long-range optics, offering an unrivalled combination of performance, quality and design. With its compact design, precise adjustments and outstanding optical properties, it is the ideal choice for discerning shooters who demand only the best.

ZCO Zero Compromise Optics ZF 527X56 Safety Instruction Guide

Introduction

Thank you for choosing the ZCO Zero Compromise Optics ZF 527X56. This guide provides essential safety information to ensure the safe and effective use of your optic. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure you are familiar with the product and its features before use.
- Always handle the optic with care to avoid damage.
- Store the optic in a secure place when not in use to prevent accidents.
- Use the optic only for its intended purpose: precision aiming and target acquisition.
- Keep the optic out of reach of children and vulnerable individuals.
- Regularly check for wear or damage and replace any faulty components immediately.
- Follow all local laws and regulations regarding the use of optics.

Specific Safety Precautions for Use

- Do not look directly at the sun through the optic, as this may cause permanent vision damage.
- Avoid using the optic in extreme weather conditions, such as heavy rain or snow, unless it is rated for such use.
- Ensure that the mounting system is securely attached to prevent the optic from falling or becoming dislodged during use.
- Use appropriate eye protection when using the optic, especially during shooting activities.
- Be aware of your surroundings and ensure a clear line of sight before aiming and firing.

Instructions for Installation and Usage

Installation

1. Mounting the Optic:

- Select a suitable mounting platform compatible with the ZF 527X56.
- Ensure that the mounting base is clean and free of debris.
- Align the optic with the mounting base and secure it using the provided screws.
- Check the alignment and ensure the optic is level before tightening all screws fully.

2. Adjusting the Settings:

- Familiarize yourself with the elevation and windage adjustment mechanisms.
- Use the click adjustments to make precise changes to the optic's settings.
- Always reset to zero after adjustments to maintain accuracy.

Usage

1. Powering On:

- If your optic has electronic components, ensure it is powered on before use.
- Adjust brightness settings according to ambient light conditions.

2. Aiming:

- Position your eye behind the optic and look through the lens.
- Adjust your position for optimal eye relief and field of view.
- Use the reticle to aim accurately at your target.

3. Maintenance:

- Regularly clean the lenses with a soft, lintfree cloth to maintain clarity.
- Store the optic in a protective case to prevent scratches and damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the optic in regular household waste.
- Contact local waste management authorities for proper disposal methods for electronic and optical equipment.

Contact Information for Further Support

For questions regarding safety or product support, please consult the manufacturer's website or contact their customer service for assistance.

Thank you for choosing ZCO Zero Compromise Optics. Your safety and satisfaction are our top priorities. Enjoy your precision optics responsibly!
