ZC840

Our engineers have set a new standard for magnification, imaging performance and mechanical precision with the ZC840.

This optical system offers outstanding performance and enables a perfect image even in the higher magnification range.

- Magnification: Over 30x for exceptional detail accuracy
- Top optical values: Outstanding contrast and resolution for a brilliant image
- Elevation adjustment range: 28 mils for precise settings over long distances
- Field of view: From 4.6m/100m to 1.0m/100m at 40x magnification for optimum target acquisition and tracking

With its impressive performance range, the ZC840 is the ideal choice for shooters who demand the best from their optics and are looking for an unrivalled shooting experience.

Attributes

- Name: [ZC OPTIC ZF 8-40X56 - Black - 1/8 MOA - ccw](#)
- Manufacturer: [ZCO Zero Compromise Optics](#)
- Product no.: BRD730077
- Mfr. No.: ZCO4000481
- Click Value: 0.1 MIL
- Color: Black
- Magnification: 40x
- Max Magnification: 40x
- Min. Magnification: 8x
- Objective Size: 56mm
- Reticle: 1/8 MOA Dot
- Scope Tube Diameter: 36mm
- Delivery weight: 5kg

ZC OPTIC ZF 840X56 Safety Instruction Guide

Introduction

Thank you for choosing the ZC OPTIC ZF 840X56. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of your optical device. Please read this document carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always handle the optical device with care to avoid damage.
- Use the product only as intended and according to the manufacturer's specifications.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the device for any signs of wear or damage.
- If the product is damaged or malfunctioning, discontinue use immediately and contact support.
- Ensure that the product is used in compliance with local laws and regulations regarding optical devices.

Specific Safety Precautions for Use

- **Magnification Safety:** Be aware of the high magnification capabilities of the ZC840. Use it responsibly to avoid straining your eyes.
- **Field of View:** The field of view ranges from 4.6m/100m to 1.0m/100m at 40x magnification. Ensure you are familiar with these distances to maintain a clear target acquisition.
- **Adjustment Mechanism:** Make sure to use the elevation adjustment range of 28 mils carefully to achieve precise settings. Avoid making sudden adjustments while aiming.
- **Storage:** Store the optical device in a protective case when not in use to prevent scratches and environmental damage.
- **Cleaning:** Use a soft, lintfree cloth for cleaning the lenses. Avoid using harsh chemicals or abrasive materials that may damage the optical surfaces.

Instructions for Installation and Usage

1. Unboxing:

- Carefully remove the ZC OPTIC ZF 840X56 from its packaging.
- Check for all components, including the scope, lens caps, and user manual.

2. Mounting the Scope:

- Select a suitable mounting location on your firearm or platform.
- Securely attach the scope using appropriate rings and bases as per the manufacturer's instructions.
- Ensure that the scope is level and properly aligned for accurate aiming.

3. Adjusting the Scope:

- Use the elevation and windage turrets to make necessary adjustments.
- Make small adjustments and check the impact on the target to ensure accuracy.

4. Using the Scope:

- Adjust the magnification from 8x to 40x as needed for your shooting requirements.
- Utilize the 1/8 MOA dot reticle for precise targeting.
- Ensure your eye relief is appropriate to avoid any recoil-related injuries.

5. **PostUse Care:**

- After use, clean the lenses as needed and store the scope in a safe, dry location.
- Regularly check the mounting and adjustments to maintain optimal performance.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste.
- Do not dispose of the product in regular household waste.
- If the product is no longer usable, consider recycling parts that can be recycled.

Contact Information for Further Support

For any inquiries or support regarding the ZC OPTIC ZF 840X56, please refer to the manufacturer's website or customer service resources. Always ensure that you have the model information and purchase details ready when seeking assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your ZC OPTIC ZF 840X56. Thank you for your attention to safety, and enjoy your new optical device!
