ZC840

Our engineers have set a new standard for magnification, imaging performance and mechanical precision with the ZC840.

This optical system offers outstanding performance and enables a perfect image even in the higher magnification range.

- Magnification: Over 30x for exceptional detail accuracy
- Top optical values: Outstanding contrast and resolution for a brilliant image
- Elevation adjustment range: 28 mils for precise settings over long distances
- Field of view: From 4.6m/100m to 1.0m/100m at 40x magnification for optimum target acquisition and tracking

With its impressive performance range, the ZC840 is the ideal choice for shooters who demand the best from their optics and are looking for an unrivalled shooting experience.

Attributes

- Name: [ZC OPTIC ZF 8-40X56 - Black - MPCT1X - ccw - 10Mil tower - lock](#)
- Manufacturer: [ZCO Zero Compromise Optics](#)
- Product no.: BRD730079
- Mfr. No.: ZCO4000597
- Click Value: 0.1 MIL
- Color: Black
- Magnification: 40x
- Max Magnification: 40x
- Min. Magnification: 8x
- Objective Size: 56mm
- Reticle: MPCT1X
- Scope Tube Diameter: 36mm
- Delivery weight: 5kg

ZC OPTIC ZF 840X56 Safety Instruction Guide

Introduction

Thank you for choosing the ZC OPTIC ZF 840X56. This guide provides important safety information and instructions for the safe use and maintenance of your optical device. Please read this guide carefully to ensure safe operation and to maximize your shooting experience.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as a spotting scope.
- Always handle the device with care to avoid damage or injury.
- Keep the spotting scope out of reach of children and vulnerable individuals.
- Regularly inspect the device for any signs of damage or wear.
- Do not attempt to repair the device yourself; contact a professional for repairs.
- Be aware of your surroundings when using the spotting scope to avoid accidents.

Specific Safety Precautions for Use

- Do not look directly at the sun through the spotting scope, as this can cause severe eye damage.
- Avoid using the device in extreme weather conditions (heavy rain, snow, or high winds) to prevent damage.
- Ensure that the device is securely mounted or held to avoid dropping it.
- Use the device only in accordance with the manufacturer's instructions.
- Be cautious when adjusting the elevation and magnification settings to avoid sudden movements that could lead to loss of control.

Instructions for Installation and Usage

1. Unpacking the Device

- Carefully remove the spotting scope from its packaging.
- Inspect for any visible damage during transport.

2. Mounting the Scope

- Use a compatible tripod or mounting system for stability.
- Ensure that the scope is securely attached to prevent movement during use.

3. Adjusting Settings

- To adjust magnification, rotate the magnification ring smoothly.
- Use the elevation and windage turrets to make precise adjustments; each click represents a specific measurement (0.1 MIL).

4. Focusing the Scope

- Look through the eyepiece and adjust the focus ring until the target is sharp and clear.
- Make sure to check the focus after adjusting magnification.

5. Storing the Device

- When not in use, store the spotting scope in a dry place.
- Use the protective lens covers to keep the optics clean and free from dust.

Disposal Instructions

- Dispose of the device in accordance with local regulations.
- Do not dispose of the device in regular household waste.
- Consider recycling options for electronic components where applicable.

Contact Information for Further Support

For any inquiries regarding safety, usage, or maintenance of the ZC OPTIC ZF 840X56, please consult the manufacturer's customer service or visit their official website for assistance.

By following these guidelines, you can ensure a safe and enjoyable experience with your ZC OPTIC ZF 840X56 spotting scope. Thank you for your attention to safety, and happy shooting!
