ZC840

Our engineers have set a new standard for magnification, imaging performance and mechanical precision with the ZC840.

This optical system offers outstanding performance and enables a perfect image even in the higher magnification range.

- Magnification: Over 30x for exceptional detail accuracy
- Top optical values: Outstanding contrast and resolution for a brilliant image
- Elevation adjustment range: 28 mils for precise settings over long distances
- Field of view: From 4.6m/100m to 1.0m/100m at 40x magnification for optimum target acquisition and tracking

With its impressive performance range, the ZC840 is the ideal choice for shooters who demand the best from their optics and are looking for an unrivalled shooting experience.

Attributes

- Name: [ZC OPTIC ZF 8-40X56 - FDE - MPCT1X - ccw - 10Mil tower - no lock](#)
- Manufacturer: [ZCO Zero Compromise Optics](#)
- Product no.: BRD730080
- Mfr. No.: ZCO4000598
- Click Value: 0.1 MIL
- Color: FDE
- Magnification: 40x
- Max Magnification: 40x
- Min. Magnification: 8x
- Objective Size: 56mm
- Reticle: MPCT1X
- Scope Tube Diameter: 36mm
- Delivery weight: 5kg

ZC OPTIC ZF 840X56 Safety Instruction Guide

Introduction

Thank you for choosing the ZC OPTIC ZF 840X56. This guide provides essential safety information and instructions to ensure the safe and effective use of your optical system. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that all users understand how to operate the optical system safely.
- Always handle the product with care to avoid damage or injury.
- Store the optical system in a dry and secure location to prevent accidents.
- Regularly inspect the product for any signs of damage or wear.
- Follow all local laws and regulations regarding the use of optical devices.

Specific Safety Precautions for Use

- Avoid looking directly at the sun through the optical system, as this can cause severe eye damage.
- Do not disassemble or modify the optical system, as this may compromise its safety and performance.
- Keep the optical system away from children and pets to prevent accidents.
- Use the product only for its intended purpose, which is for shooting and target acquisition.
- Ensure that the optical system is mounted securely on the firearm to avoid misalignment or detachment during use.

Instructions for Installation and Usage

Installation

1. Mounting the Optical System:

- Ensure the firearm is unloaded before attaching the optical system.
- Use appropriate mounting rings that fit the 36mm scope tube diameter.
- Securely attach the optical system to the firearm's rail system, ensuring it is level and properly aligned.

2. Adjusting the Reticle:

- After mounting, adjust the reticle to ensure it is centered and aligned with the firearm's point of aim.
- Refer to the product manual for specific instructions on reticle adjustment.

Usage

• Magnification Adjustment:

- Rotate the magnification ring to set the desired level of magnification, from 8x to 40x.

• Elevation and Windage Adjustments:

- Use the elevation and windage turrets to make precise adjustments to your aim.

• Field of View:

- Be aware of the field of view, which ranges from 4.6m/100m to 1.0m/100m at 40x magnification, for optimal target acquisition and tracking.

Disposal Instructions

- Dispose of the optical system in accordance with local regulations and guidelines for electronic waste.
- Do not dispose of the product in regular household waste.
- Consider recycling options to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or concerns regarding the ZC OPTIC ZF 840X56, please reach out to the designated EU contact point provided with your product.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience using your ZC OPTIC ZF 840X56. Always prioritize safety and responsible use when handling optical devices. Thank you for your attention to these important safety considerations.
