ZC840

Our engineers have set a new standard for magnification, imaging performance and mechanical precision with the ZC840.

This optical system offers outstanding performance and enables a perfect image even in the higher magnification range.

- Magnification: Over 30x for exceptional detail accuracy
- Top optical values: Outstanding contrast and resolution for a brilliant image
- Elevation adjustment range: 28 mils for precise settings over long distances
- Field of view: From 4.6m/100m to 1.0m/100m at 40x magnification for optimum target acquisition and tracking

With its impressive performance range, the ZC840 is the ideal choice for shooters who demand the best from their optics and are looking for an unrivalled shooting experience.

Attributes

- Name: [ZC OPTIC ZF 8-40X56 - Black - MPCT3X - ccw - 10Mil tower - lock](#)
- Manufacturer: [ZCO Zero Compromise Optics](#)
- Product no.: BRD730089
- Mfr. No.: ZCO4000605
- Click Value: 0.1 MIL
- Color: Black
- Magnification: 40x
- Max Magnification: 40x
- Min. Magnification: 8x
- Objective Size: 56mm
- Reticle: MPCT 3X
- Scope Tube Diameter: 36mm
- Delivery weight: 5kg

ZC OPTIC ZF 840X56 Safety Instruction Guide

Introduction

Thank you for choosing the ZC OPTIC ZF 840X56. This guide provides essential safety information to ensure the safe use of your spotting scope. Please read this document carefully and keep it for future reference.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Regularly inspect the spotting scope for any signs of damage or wear.
- Do not use the product if it is damaged or malfunctioning.
- Keep the product out of reach of children and vulnerable individuals.
- Always use the spotting scope in a safe environment, free from hazards.
- Be aware of your surroundings when using the scope, especially when observing in outdoor settings.

Specific Safety Precautions for Use

- **Magnification Risks:** High magnification can lead to a narrow field of view. Use caution to avoid losing sight of your target.
- **Optical Hazards:** Do not look directly at the sun or other intense light sources through the scope, as this can cause severe eye damage.
- **Handling and Transport:** Always handle the spotting scope with care. Use a protective case when transporting to avoid damage.
- **Weather Conditions:** Avoid using the scope in extreme weather conditions (heavy rain, snow, or fog) that could impair visibility or damage the product.
- **Mounting:** Ensure that the scope is securely mounted to avoid accidents during use.

Instructions for Installation and Usage

1. Installation:

- Choose a stable and secure mounting platform for the scope.
- Follow the manufacturer's instructions for mounting the scope to ensure it is securely attached.
- Check that all adjustments are properly tightened before use.

2. Usage:

- Adjust the magnification to the desired level, starting from the lowest setting to familiarize yourself with the field of view.
- Use the elevation and windage adjustments to align the scope with your target.
- Regularly check the focus to ensure a clear image.
- After use, cover the scope with a lens cap to protect the optics.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Do not dispose of the product in regular household waste.
- Consider recycling the product or returning it to the manufacturer if applicable.

Contact Information for Further Support

For any questions or concerns regarding the ZC OPTIC ZF 840X56, please refer to the manufacturer's contact

details provided with your product. Ensure you have the product information available when seeking assistance.

Please remember to report any unsafe products or accidents to the appropriate authorities and stay updated on recall notices through the EU's Safety Gate platform. Your safety and satisfaction are our top priorities. Thank you for your attention to these important safety guidelines.
