ZC840

Our engineers have set a new standard for magnification, imaging performance and mechanical precision with the ZC840.

This optical system offers outstanding performance and enables a perfect image even in the higher magnification range.

- Magnification: Over 30x for exceptional detail accuracy
- Top optical values: Outstanding contrast and resolution for a brilliant image
- Elevation adjustment range: 28 mils for precise settings over long distances
- Field of view: From 4.6m/100m to 1.0m/100m at 40x magnification for optimum target acquisition and tracking

With its impressive performance range, the ZC840 is the ideal choice for shooters who demand the best from their optics and are looking for an unrivalled shooting experience.

Attributes

- Name: [ZC OPTIC ZF 8-40X56 - FDE - MPCT3X - ccw - 10Mil tower - no lock](#)
- Manufacturer: [ZCO Zero Compromise Optics](#)
- Product no.: BRD730090
- Mfr. No.: ZCO4000606
- Click Value: 0.1 MIL
- Color: FDE
- Magnification: 40x
- Max Magnification: 40x
- Min. Magnification: 8x
- Objective Size: 56mm
- Reticle: MPCT 3X
- Scope Tube Diameter: 36mm
- Delivery weight: 5kg

Consumer Safety Instruction Guide for ZC OPTIC ZF 840X56

Introduction

Thank you for choosing the ZC OPTIC ZF 840X56. This guide provides essential safety instructions to ensure the safe use and maintenance of your optical device. Please read this guide carefully before using the product to maximize your safety and performance.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always use the optical device in a safe environment, free from distractions and hazards.
- Do not look directly at the sun or any bright light sources through the scope, as this can cause serious eye damage.
- Ensure that the scope is securely mounted to prevent it from falling or becoming dislodged during use.
- Avoid using the product in extreme weather conditions that may affect its performance or safety.
- Maintain a safe distance from the target area to prevent accidents.

Instructions for Installation and Usage

Installation

1. Mounting the Scope:

- Use the appropriate mounting rings and base that fit the 36mm tube diameter.
- Ensure that the scope is level and securely tightened to avoid movement during use.

2. Adjusting the Reticle:

- Familiarize yourself with the MPCT 3X reticle adjustment for optimal targeting.
- Use the elevation adjustment (28 mils) to set your scope for longdistance shooting.

Usage

1. Magnification Settings:

- Adjust the magnification from 8x to 40x as needed for your shooting situation.
- Use lower magnification for tracking moving targets and higher magnification for precision shooting.

2. Field of View:

- Be aware that the field of view will change with magnification settings, ranging from 4.6m/100m to 1.0m/100m at 40x magnification.
- Practice target acquisition and tracking to improve your shooting experience.

3. Maintenance:

- Regularly clean the lens with a soft, lintfree cloth to maintain clarity.
- Store the product in a dry, cool place when not in use to prevent moisture damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Do not dispose of the product in regular household waste.
- Consider recycling options available in your area to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact information provided with your product packaging. Ensure that you have the product details ready for effective assistance.

Thank you for prioritizing safety while using your ZC OPTIC ZF 840X56. Enjoy your shooting experience!
