## **ZC840**

Our engineers have set a new standard for magnification, imaging performance and mechanical precision with the ZC840.

This optical system offers outstanding performance and enables a perfect image even in the higher magnification range.

- Magnification: Over 30x for exceptional detail accuracy
- Top optical values: Outstanding contrast and resolution for a brilliant image
- Elevation adjustment range: 28 mils for precise settings over long distances
- Field of view: From 4.6m/100m to 1.0m/100m at 40x magnification for optimum target acquisition and tracking

With its impressive performance range, the ZC840 is the ideal choice for shooters who demand the best from their optics and are looking for an unrivalled shooting experience.

## **Attributes**

- Name: [ZC OPTIC ZF 8-40X56 - Black - Tremor 3, CCW - 10Mil tower - no lock](#)
- Manufacturer: [ZCO Zero Compromise Optics](#)
- Product no.: BRD730092
- Mfr. No.: ZCO4000628
- Click Value: 0.1 MIL
- Color: Black
- Magnification: 40x
- Max Magnification: 40x
- Min. Magnification: 8x
- Objective Size: 56mm
- Reticle: Tremor 3, CCW
- Scope Tube Diameter: 36mm
- Delivery weight: 5kg

# ZC OPTIC ZF 840X56 Safety Instruction Guide

## Introduction

Thank you for choosing the ZC OPTIC ZF 840X56. This high-performance optical system is designed for exceptional detail and clarity. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide. Your safety and satisfaction are our top priorities.

## General Safety Guidelines

- Always ensure the product is used in accordance with the manufacturer's instructions.
- Keep this product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use; do not use if damaged.
- Store the product in a dry and safe location when not in use.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Magnification Caution:** The ZC OPTIC ZF 840X56 offers high magnification (up to 40x). Use caution when viewing distant objects to avoid eye strain or discomfort.
- **Reticle Awareness:** The Tremor 3 reticle is designed for precision. Familiarize yourself with its features before use.
- **Elevation Adjustment:** The elevation adjustment range is 28 mils. Ensure adjustments are made slowly and carefully to avoid misalignment.
- **Field of View:** Be aware of the field of view, which ranges from 4.6m/100m to 1.0m/100m at 40x magnification; this may affect target acquisition.
- **Environmental Considerations:** Avoid using the product in extreme weather conditions. Protect it from moisture and dust to maintain performance.

## Instructions for Installation and Usage

### 1. Installation:

- Mount the ZC OPTIC ZF 840X56 securely on a compatible scope base using the appropriate mounting rings.
- Ensure the scope is level and aligned with the firearm for accurate targeting.
- Tighten the mounting screws evenly to avoid misalignment.

### 2. Usage:

- Adjust the magnification by rotating the magnification ring smoothly.
- Use the elevation and windage turrets to make necessary adjustments for accurate aiming.
- Always check your surroundings and ensure a clear line of sight before using the scope.
- Use the scope in a stable position to enhance accuracy.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and optical devices.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for information on proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or additional support regarding the ZC OPTIC ZF 840X56, please reach out to the appropriate support channels provided by the manufacturer.

Thank you for your attention to these safety guidelines. Enjoy your ZC OPTIC ZF 840X56 and ensure safe and responsible use.
