GENERAL NANO PROTECTION Silicone Oil Spray 200ml - 12 pcs.

Silicone oil is ideal for ASG air gun maintenance. Rubber, plastic and metal parts can be protected and lubricated with silicone oil. Due to the high surface adhesion of silicone oil, the oil film remains very long. Therefore, silicone oil is also ideal for the care and maintenance of CO2 and airsoft guns. Natural drying out and embrittlement are prevented.

GENERAL NANO PROTECTION Silicone Oil Spray

200ml Safety Instruction Guide

Introduction

Thank you for choosing GENERAL NANO PROTECTION Silicone Oil Spray. This guide provides essential safety instructions to ensure the safe use of this product. Please read the following information carefully before using the silicone oil spray.

General Safety Guidelines

- **Product Safety:** This product is designed for the maintenance of ASG air guns and is safe for use on rubber, plastic, and metal parts.
- **Enhanced Recalls:** In the event of any safety concerns, standardized recall notices will be issued, and free remedies will be provided for dangerous products.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations similar to those in physical stores.
- **Special Consumer Focus:** Extra precautions should be taken when using this product around vulnerable groups, especially children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point for assistance.
- **Rapid Alerts:** Stay informed about product safety updates via the Safety Gate system.

Specific Safety Precautions for Use

- **Avoid Inhalation:** Do not inhale the spray mist. Use in a wellventilated area.
- **Skin Contact:** Avoid direct skin contact. If contact occurs, wash the affected area with soap and water.
- **Eye Protection:** Wear safety goggles to protect your eyes from accidental splashes.
- **Flammability:** Keep away from open flames and high heat sources. The product is flammable.
- **Storage:** Store in a cool, dry place away from direct sunlight and out of reach of children.
- **Use Limitations:** This product is not suitable for food contact or use on electrical components.

Instructions for Installation and Usage

1. Preparation:

- Shake the canister well before use.
- Ensure the area of application is clean and dry.

2. Application:

- Hold the can approximately 20 cm away from the surface.
- Spray evenly on the rubber, plastic, or metal parts that require lubrication or protection.
- Allow the silicone oil to settle and form a protective film.

3. PostApplication:

- After application, clean the nozzle to prevent clogging.
- Replace the cap securely after use.

4. Frequency of Use:

- For optimal maintenance, apply silicone oil regularly to prevent drying out and embrittlement of

materials.

Disposal Instructions

- **Empty Containers:** Dispose of empty cans in accordance with local regulations for aerosol products.
- **Unused Product:** If the product is no longer needed, do not pour it down the drain. Contact your local waste disposal service for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of GENERAL NANO PROTECTION Silicone Oil Spray, please refer to the relevant EU contact point for assistance.

By following these safety instructions, you can ensure a safe and effective experience while using GENERAL NANO PROTECTION Silicone Oil Spray. Thank you for your attention to safety.
