Safety Instruction Guide for GENERAL NANO PROTECTION BORE CLEANING FOAM (AEROSOL)

Introduction

Thank you for choosing the GENERAL NANO PROTECTION BORE CLEANING FOAM (AEROSOL). This product is designed to effectively clean and protect the bore of firearms. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** This product is designed for safe use when handled according to the instructions. Ensure that you understand the risks associated with aerosol products.
- **Enhanced Recalls:** In the event of a product recall, you will be notified through standardized notices. Please keep an eye on updates from the manufacturer.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of children and vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the seller or manufacturer.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - This product is flammable. Keep away from heat sources, flames, and sparks.
 - Avoid direct inhalation of the aerosol.
 - Do not spray near open flames or hot surfaces.
 - Use in wellventilated areas to minimize inhalation risks.
- **Avoiding Hazards:**
 - Always wear protective eyewear and gloves when using the foam.
 - Do not use the product if you are allergic to any of its ingredients.
 - Ensure the can is upright during use to prevent accidental spraying.

Instructions for Installation and Usage

- **Before Use:**
 - Shake the canister well before each use to ensure proper mixing of the contents.
 - Ensure the area is wellventilated.
- **Application:**
 - Hold the can approximately 68 inches away from the bore.
 - Aim the nozzle directly into the bore and press the spray button to release the foam.
 - Allow the foam to sit for the recommended time as per the product instructions for optimal cleaning.
- **PostApplication:**
 - After the foam has settled, use a clean patch or brush to remove the residue from the bore.
 - Dispose of any used materials in accordance with local regulations.

Disposal Instructions

- **Empty Canister:** When the canister is empty, dispose of it in accordance with local hazardous waste regulations. Do not puncture or incinerate the canister.
- **Unused Product:** If you have unused product, refer to local disposal guidelines for hazardous materials to ensure safe disposal.

Contact Information for Further Support

For further assistance or inquiries regarding safety and usage, please refer to the contact information provided by the seller or manufacturer.

By following these guidelines, you can ensure a safe and effective experience with the GENERAL NANO PROTECTION BORE CLEANING FOAM (AEROSOL). Thank you for your attention to safety.
